VOTING YOUR SHARES

Your vote is important

As a shareholder of Chorus, it is very important that you read the following information on how to vote your shares and then vote your shares, either by proxy or in person, at the meeting.

Voting

You can attend the meeting or you can appoint someone else to vote for you as your proxyholder. A shareholder entitled to vote at the meeting may by means of a proxy appoint a proxyholder or one or more alternate proxyholders, who are not required to be shareholders, to attend and act at the meeting in the manner and to the extent authorized by the proxy and with the authority conferred by the proxy. Voting by proxy means that you are giving the person named on your form of proxy or your voting instruction form ("**proxyholder**") the authority to vote your shares for you at the meeting.

The persons who are named on the form of proxy or the voting instruction form are directors or officers of Chorus and will vote your shares for you. **You have the right to appoint someone else to be your proxyholder.** If you appoint someone else, he or she must attend the meeting to vote your shares.

If an employee holds any shares other than Employee Shares and wishes to vote those other shares, he or she must also complete a form of proxy (if a registered shareholder) or voting instruction form (if a non-registered shareholder) with respect to such other shares in the manner described above.

By proxy

A voting instruction form is enclosed with this circular which allows you to provide your voting instructions on the Internet or by mail.

Please follow the instructions included on the proxy or voting instruction form.

You can choose to vote “For” or “Withhold” with respect to the election of the directors and the appointment of the auditors.

CHORUS AVIATION INC.

When you sign the proxy or voting instruction form without appointing an alternate proxyholder, you authorize Richard H. McCoy, Joseph D. Randell or Barbara Snowdon, who are directors and/or officers of Chorus, to vote your shares for you at the meeting in accordance with your instructions. **If you sign and return your proxy or voting instruction form without specifying how you want to vote your shares, your vote will be counted FOR the election of the nominee directors of Chorus who are named in this circular and FOR the appointment of PricewaterhouseCoopers LLP as auditors of Chorus.**

The directors of Chorus are not aware of any other matters which will be presented for action at the meeting. If, however, other matters properly come before the meeting, the persons designated in the enclosed proxy or voting instruction form will vote in accordance with their judgment, pursuant to the discretionary authority conferred by the proxy or voting instruction form with respect to such matters.

You have the right to appoint someone other than the designated nominees to be your proxyholder. If you are appointing someone else to vote your shares for you at the meeting, fill in the name of the person voting for you in the blank space provided on the form of proxy or voting instruction form.

If you do not specify how you want your shares voted, your proxyholder will vote your shares in favour of each item scheduled to come before the meeting and as he or she sees fit on any other matter that may properly come before the meeting.

A proxyholder has the same rights as a shareholder to speak at the meeting in respect of any matter, to vote by way of ballot at the meeting and, except where the proxyholder has conflicting instructions from more than one shareholder, to vote at the meeting in respect of any matter by way of a show of hands.

If you are an individual shareholder, you or your authorized attorney must sign the form of proxy or voting instruction form. If you are a corporation or other legal entity, an authorized officer or attorney must sign the form of proxy or voting instruction form.

You must also complete the Declaration of Canadian Status contained in the form of proxy or voting instruction form for the Class A Variable Voting Shares or Class B Voting Shares, as applicable, to inform Chorus whether you are Canadian or not in order to enable Chorus to comply with the share ownership and voting restrictions imposed by the *Canada Transportation Act* (the "Act"). If you do not complete such declaration or if it is determined by Chorus or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the shares represented by proxy are owned and controlled by a Canadian, you will be deemed to be a non-Canadian for purposes of voting at the meeting.

If you need assistance completing your form of proxy or voting instruction form, please contact Chorus Investor Relations at (902) 873-5094 for service in English or in French.

Changing Your Vote

A registered shareholder may revoke a previously submitted proxy by an instrument in writing executed by the shareholder or the shareholder's attorney authorized in writing and deposited either at the Montreal office of Chorus' transfer agent, Canadian Stock Transfer, 1600 Hollis Street, Suite 406, Halifax, Nova Scotia, B3J 1V7, or at Chorus' registered office, 100 King Street West, 1 First Canadian Place, Suite 6100, P.O. Box 50, Toronto, Ontario, M5X 1B8, at any time up to 9:00 a.m. (Atlantic time) on May 8, 2013 (or 5:00 p.m. (Atlantic time) on the last business day preceding the date set for any adjourned or postponed meeting), or with the chair of the meeting on the day of the meeting.

A non-registered shareholder may revoke previously submitted voting instructions given to a broker, securities dealer, trust company or other intermediary at any time prior to 9:00 a.m. (Atlantic time) on May 8, 2013 by providing written notice to them (or in the case of a desire to change your vote, by re-submitting voting instructions by Internet, telephone or mail).

CHORUS AVIATION INC.

Voting Requirements

The appointment of the auditors of Chorus and the election of the directors of Chorus will be determined by a majority of votes cast at the meeting by proxy or in person. If there is a tie, the chair of the meeting is not entitled to a second or casting vote.

Canadian Stock Transfer counts and tabulates the votes.

Voting Shares and Quorum

As of March 26, 2013 there were 6,395,096 Class A Variable Voting Shares and 118,018,730 Class B Voting Shares of Chorus issued and outstanding. Shareholders of record on March 28, 2013 are entitled to receive notice of and vote at the meeting. The list of shareholders entitled to vote at the meeting will be available for inspection on and after April 8, 2013 during usual business hours at the Halifax office of Chorus' transfer agent, Canadian Stock Transfer, 1660 Hollis Street, Suite 406, Halifax, Nova Scotia, B3J 1V7, at Chorus' registered office, 100 King Street West, 1 First Canadian Place, Suite 6100, P.O. Box 50, Toronto ON M5X 1B8, and at the meeting.

A quorum is present at the meeting if the holders of not less than 25% of the shares entitled to vote at the meeting are present in person or represented by proxy, irrespective of the number of persons actually present at the meeting. If a quorum is present at the opening of the meeting, the shareholders present or represented by proxy may proceed with the business of the meeting notwithstanding that a quorum is not present throughout the meeting. If a quorum is not present at the opening of the meeting, the shareholders present or represented by proxy may adjourn the meeting to a fixed time and place but may not transact any other business.

If a body corporate or association is a shareholder of Chorus, Chorus shall recognize any individual authorized by a resolution of the directors or governing body of the body corporate or association to represent it at the meeting. An individual thus authorized may exercise on behalf of the body corporate or association all the powers it could exercise if it were an individual shareholder.

If two or more persons hold shares jointly, one of those holders present at the meeting may in the absence of the others vote the shares, but if two or more of those persons who are present, in person or by proxy, vote, they shall vote as one on the shares jointly held by them.

Restrictions on Voting Securities

As of March 28, 2013, the applicable provisions of the Act require that holders of domestic, scheduled international and non scheduled international licenses be "Canadian" as defined in the Act ("**Canadian**"). In the case of each licence holder, this requires that at no time may non-Canadians (i) control the corporation in fact or (ii) hold or beneficially own or control, directly or indirectly, such number of shares entitling them to more than 25% (or any higher percentage as the Governor in Council may by regulation specify) of the votes attached to all outstanding shares. The Articles of Chorus contains restrictions to ensure that Chorus remains Canadian under the Act. The definition of the term "Canadian" under section 55(1) of the Act may be summarized as follows:

- (a) Canadian citizen or a permanent resident within the meaning of the *Immigration and Refugee Protection Act* (Canada);
- (b) a government in Canada or an agent of such a government; or
- (c) a corporation or other entity that is incorporated or formed under the laws of Canada or a province, that is controlled in fact by Canadians and of which at least 75% (or such lesser percentage as the Governor in Council may by regulation specify) of the voting interests are owned and controlled by Canadians.

Chorus has two classes of shares: (i) Class B Voting Shares and (ii) Class A Variable Voting Shares.

CHORUS AVIATION INC.

The Class B Voting Shares may only be held, beneficially owned and controlled, directly or indirectly, by persons who are Canadians. Unless the foreign ownership restrictions of the Act are repealed and not replaced with other similar restrictions, an issued and outstanding Class B Voting Share shall be converted into one Class A Variable Voting Share, automatically and without any further act of Chorus or the holder, if such Class B Voting Share becomes held, beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by a person who is not a Canadian. Each Class B Voting Share confers the right to one vote.

The Class A Variable Voting Shares may only be held, beneficially owned or controlled, directly or indirectly, by persons who are not Canadians. An issued and outstanding Class A Variable Voting Share shall be converted into one Class B Voting Share, automatically and without any further act of Chorus or the holder, if (i) such Class A Variable Voting Share becomes held, beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by a person who is a Canadian; or (ii) the provisions contained in the Act relating to foreign ownership restrictions are repealed and not replaced with other similar provisions.

The holders of Class A Variable Voting Shares are entitled to one vote per Class A Variable Voting Share unless: (i) the number of Class A Variable Voting Shares outstanding, as a percentage of the total number of all voting shares outstanding, exceeds 25% (or any higher percentage that the Governor in Council may by regulation specify); or (ii) the total number of votes cast by or on behalf of holders of Class A Variable Voting Shares at any meeting exceeds 25% (or any higher percentage that the Governor in Council may by regulation specify) of the total number of votes that may be cast at such meeting. If either of the above-noted thresholds would otherwise be surpassed at any time, the vote attached to each Class A Variable Voting Share will decrease proportionately, automatically and without further act or formality such that (i) the Class A Variable Voting Shares as a class do not carry more than 25% (or any higher percentage that the Governor in Council may by regulation specify) of the Aggregate Votes attached to all issued and outstanding voting shares of the corporation, and (ii) the total number of votes cast by or on behalf of holders of Class A Variable Voting Shares at any meeting do not exceed 25% (or any higher percentage that the Governor in Council may by regulation specify) of the total number of votes that may be cast at such meeting.

In 2009, the Government of Canada introduced Bill C-10, the *Budget Implementation Act*, which proposed amendments to the CTA relating to foreign ownership restrictions on domestic air carriers. Bill C-10 received Royal Assent on March 12, 2009. The Governor in Council now has the authority on the recommendation of the Minister of Transport to fix by order, a day on which the Governor in Council may by regulation, set new foreign ownership limits up to a maximum of 49% foreign ownership. The regulations may specify that the new limits apply generally to all non-Canadian investors or, alternatively may specify increased foreign ownership limits available to specific classes of non-Canadians to be identified in the regulations.

The holders of Class A Variable Voting Shares and Class B Voting Shares will vote together at the meeting and no separate meeting is being held for any such class of shares.

Shareholders who wish to vote at the meeting either by completing and delivering a proxy or a voting instruction form or by attending and voting at the meeting will be required to complete a Declaration of Canadian Status in order to enable Chorus to comply with the restrictions imposed by the Act regarding the ownership and voting of its voting securities. If you do not complete such declaration or if it is determined by Chorus or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the shares of Chorus represented by the proxy are owned and controlled by a Canadian, you will be deemed to be a non Canadian for purposes of voting at the meeting. Such declaration is contained in the accompanying form of proxy or in the voting instruction form provided to you if you are a non registered shareholder or an employee voting shares of Chorus under the Employee Share Ownership Plan and in the Internet voting instructions.

CHORUS AVIATION INC.

CHORUS

General

Chorus is the successor to Jazz Air Income Fund (the “Fund”) following the completion of the conversion of the Fund from an income trust structure to a corporate structure by way of a court-approved plan of arrangement under the *Canada Business Corporations Act* (“CBCA”) on December 31, 2010 (the “Arrangement”). Chorus was incorporated on September 27, 2010 under the CBCA and did not carry on any active business prior to the Arrangement.

Chorus holds all the limited partner units of Jazz Aviation LP, the operating limited partnership formed on November 18, 2010 pursuant to the laws of Ontario and the terms of a limited partnership agreement dated November 18, 2010. On January 5, 2011, substantially all of the assets of Jazz Air LP were transferred to Jazz Aviation LP, represented by its general partner, Aviation General Partner Inc. (“Aviation GP”). The airline business previously carried on by Jazz Air LP, is now carried on by Jazz Aviation LP. As a result of this reorganization, Jazz Air LP was liquidated and dissolved and the Fund and the Trust were wound-up.

Chorus also holds all of the common shares in the capital of Aviation GP, the general partner of Jazz Aviation LP. Aviation GP holds all the general partner units of Jazz Aviation LP.

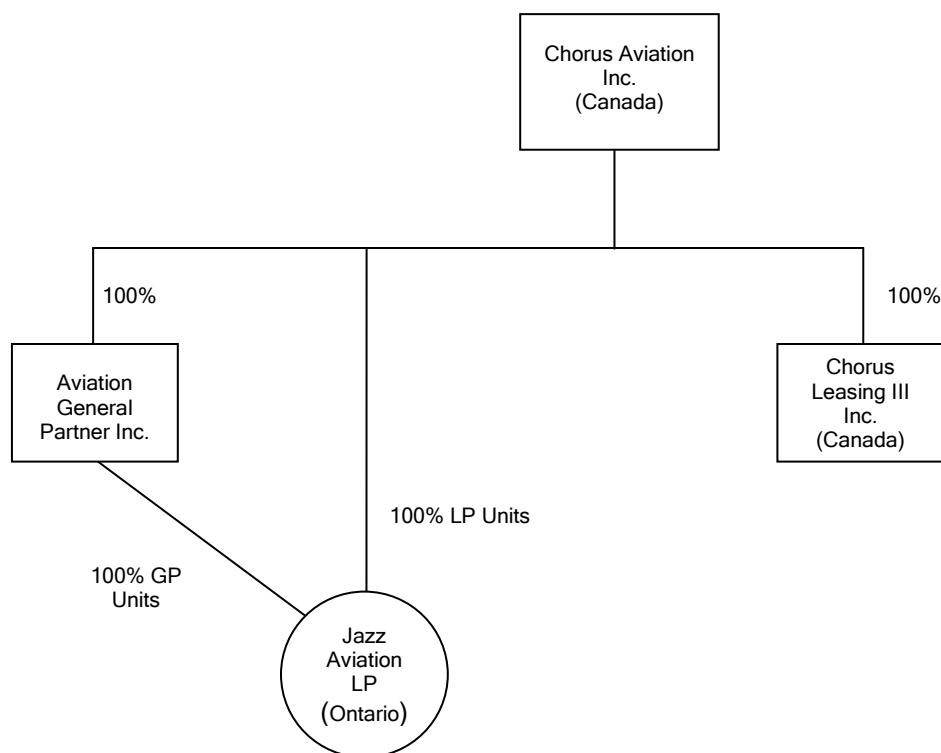

On February 28, 2011, Chorus incorporated three wholly-owned subsidiaries under the Canada Business Corporations Act, as amended (“CBCA”); Chorus Leasing I Inc., Chorus Leasing II Inc., and Chorus Leasing III Inc. (collectively, the “Initial LeaseCos”). The Initial LeaseCos were established for the sole purpose of acquiring Q400 NextGen turboprop aircraft (“Q400 aircraft”) and related equipment. On December 31, 2012, the Initial LeaseCos were reorganized as follows: Chorus Leasing I Inc. and Chorus Leasing II Inc. amalgamated to form Chorus Leasing Amalco (2012) Inc. (“Amalco”), and Chorus Leasing III Inc. (“LeaseCo III”) then acquired the assets and liabilities of Amalco in exchange for preferred shares. Amalco was then wound up into Chorus Aviation Inc.

The registered office of Chorus is located at 100 King Street West, 1 First Canadian Place, Suite 6100, P.O. Box 50, Toronto, Ontario, M5X 1B8. The head office of Chorus is located at 310 Goudey Drive, Halifax Stanfield International Airport, Enfield, Nova Scotia, B2T 1E4.

CHORUS AVIATION INC.

Intercorporate Relationships

The following chart illustrates the material entities in the structure of Chorus as at March 28, 2013 (including jurisdiction of establishment/incorporation of the various entities).

BUSINESS OF THE MEETING

Four items will be covered at the meeting:

1. placement before the shareholders of the consolidated financial statements of Chorus for the year ended December 31, 2012, including the auditors' report thereon;
2. election of the directors of Chorus who will serve until the end of the next annual shareholder meeting unless a director leaves the Board prior to such time;
3. appointment of auditors of Chorus; and
4. consideration of such other business, if any, that may properly come before the meeting.

As of the date of this circular, management are not aware of any changes to these items, and do not expect any other items to be brought forward at the meeting. If there are changes or new items, your proxyholder can vote your shares on these items as he or she sees fit.

1. Placement of financial statements of Chorus

The consolidated financial statements of Chorus for the year ended December 31, 2012, including the auditors' report thereon, are available on our website at www.chorusaviation.ca and on SEDAR at www.sedar.com. Copies of such statements will also be available at the meeting.

CHORUS AVIATION INC.

2. Election of the directors of Chorus

Nine directors are to be elected to the Board of Directors. Please see "The Nominated Directors" for more information. Each director elected at the meeting will serve until the end of the next annual shareholder meeting unless he or she leaves the Board prior to such time.

All of the individuals to be nominated as directors are currently members of the Board of Directors. All nine of these individuals, Karen Cramm, Gary M. Collins, Benjamin C. Duster, IV, Richard D. Falconer, Sydney John Isaacs, G. Ross MacCormack, Richard H. McCoy, John T. McLennan and Joseph D. Randell, were elected at the annual meeting of shareholders of Chorus held on May 15, 2012. Please see "The Nominated Directors" in this circular for additional information relating to each such director standing for nomination.

The Board has adopted a majority voting policy which stipulates that if a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be expected to forthwith submit his or her resignation, to be effective on acceptance by the Board. The Board will refer the resignation to the Governance and Nominating Committee for consideration. The Board will make its decision within 90 days of the meeting. The Board will accept the resignation unless the Governance and Nominating Committee determines that there are extraordinary circumstances that should delay acceptance of the resignation or justify rejecting it.

The majority voting policy does not apply where an election involves a proxy battle (i.e., where proxy material is circulated in support of one or more director nominees who are not part of the director nominees supported by the Board).

If you do not specify how you want your shares voted, the persons named as proxyholders will cast the votes represented by proxy at the meeting FOR the election as directors of the nominee directors who are named in this circular.

3. Appointment of auditors

The Board, on the advice of the Audit, Finance and Risk Committee, recommends that PricewaterhouseCoopers LLP, Chartered Accountants, be re-appointed as auditors of Chorus. PricewaterhouseCoopers LLP has served as auditors of Chorus' predecessors since February 19, 2001, as auditors of Jazz Air Income Fund since its creation on November 25, 2005 and of Chorus since its creation on September 27, 2010. The auditors appointed at the meeting will serve until the end of the next annual shareholder meeting or until their successors are appointed.

REMUNERATION OF DIRECTORS

The compensation structure of the Board is designed to attract and retain highly talented and experienced directors focussed on the long-term success of Chorus. This requires that directors of Chorus be adequately and competitively compensated.

The Board has determined that directors should be compensated in a form and amount which is appropriate and customary for comparable corporations, having regard for such matters as time commitment, responsibility and trends in director compensation. In 2010, the Governance and Nominating Committee, assisted by Mercer Consulting, conducted a review of director compensation by referencing the benchmark group used for executive compensation reviews. As a result, and to maintain a competitive compensation structure, annual retainers were adjusted effective October 1, 2010, and a deferred share unit program (“**DSU Plan**”) was approved effective January 1, 2011. There was no change to director compensation in 2011 or 2012.

Directors (other than the Chairman and the executive director, Mr. Randell) receive an annual retainer of \$65,000. The Chairman receives an annual retainer of \$110,000. The Directors are not paid meeting fees for attending Board or committee meetings.

Directors (other than the Chairman and the executive director) also receive an additional retainer of \$15,000, \$7,500, and \$7,500, respectively, if they chair the Audit, Finance and Risk Committee, the Governance and Nominating Committee, or the Human Resources and Compensation Committee. Members of the Audit, Finance and Risk Committee, the Governance and Nominating Committee, and the Human Resources and Compensation Committee, receive, respectively, an additional retainer of \$5,000, \$2,500, and \$2,500.

Non-executive directors receive a portion of their remuneration in deferred share units (“**DSUs**”) pursuant to a DSU Plan designed to promote the alignment of interests between individual non-executive directors and the shareholders of Chorus. DSUs will have a value equivalent to the value of the shares at any time. DSUs may only be redeemed for cash and will be paid out only subsequent to the time the director ceases to be a director, or in the case of a U.S. taxpayer, subsequent to the date such person incurs a “separation from service” under applicable U.S. law. Participating directors will receive, in respect of their DSUs, an amount equivalent to the amount of any dividends paid on the shares in the form of additional DSUs. Under the DSU Plan, the Chairman receives an annual grant of DSUs with a value of \$40,000 while other non-executive directors receive an annual grant of DSUs with a value of \$30,000, paid in quarterly instalments. In addition, a participating director may elect to have his or her annual retainer and/or any additional retainer payable in the form of DSUs or a combination of DSUs and cash.

The executive director, Mr. Randell, is not paid retainer fees or committee fees and does not receive DSU’s.

Directors are reimbursed for travel and out-of-pocket expenses incurred in attending meetings of the Board or the committees, as applicable. Non-executive directors also receive an annual grant of travel reward miles. As these travel reward miles are a taxable benefit, they receive a payment to address the related income tax.

SHARE OWNERSHIP REQUIREMENT FOR DIRECTORS

Effective January 1, 2011, the Board adopted share ownership guidelines according to which non-executive directors are required to own securities of Chorus with a value equal to three times their base annual retainer through shares and/or DSUs which would mean a requirement to hold securities with a minimum value of \$195,000 for non-executive directors and \$330,000 for the Chairman. The value of securities for this purpose is the greater of the market value of the securities and the aggregate purchase price of the securities. Such ownership must be achieved by the later of five years from January 1, 2011 or the date of the director’s appointment. As of March 28, 2013, no director has reached the date by which his/her security holdings must meet the guidelines. For share ownership requirements for the executive director, please refer to the details in the “Executive Compensation” section of this circular.

After reviewing its governance practices, the Board has concluded that Chorus complies with the requirements of *National Instrument 58-101 - Disclosure of Corporate Governance Practices*. Chorus regularly adjusts its governance practices as regulatory changes come into effect, and will continue to monitor these changes closely and make any required amendments to its governance practices.

Board of Directors

Director Independence

The Charter of the Board of Directors provides that the Board of Directors shall at all times be composed of a majority of individuals who must be determined to have no material relationship with Chorus and who, in the reasonable opinion of the Board of Directors, must be unrelated and independent under the laws, regulations and stock exchange listing requirements to which Chorus is subject. Based on the information received from each director, the Board of Directors concluded that each of the directors of Chorus standing for election to the Board except the President and Chief Executive Officer, Joseph D. Randell, is independent in that he or she does not have a direct or indirect material relationship with Chorus and, in the reasonable opinion of the Board of Directors, is unrelated and independent under applicable laws, regulations and listing requirements. Mr. Randell is not independent because he is the President and Chief Executive Officer of Chorus.

Eight of the nine directors of Chorus nominated for election to the Board have been determined, based on National Instrument 52-110 - Audit Committees, to be independent (as listed in the following table). All committee members are independent.

Board Size

The Board was comprised of nine directors on December 31, 2012. Nine nominees are being proposed in this circular as directors. The Board is of the view that such size and composition is adequate and allows for the efficient functioning of the Board.

"In camera" Sessions of Board of Directors

At Board of Directors meetings, time is reserved for non-management directors to hold "in camera" sessions in the absence of the members of management and the non-independent management director. The Board of Directors meets without management and without the non-independent management director at each regularly scheduled meeting, and at all other meetings, the directors consider whether an "in camera" meeting would be appropriate in the circumstances. Questions and comments formulated during "in camera" sessions are then passed on to the members of management who were excluded from the "in camera" sessions. During the year ended December 31, 2012, five such in-camera sessions were held in the absence of management. In addition, the non-management directors held four sessions in the absence of the non-independent director, Mr. Randell.

Management periodically provides directors with analyst studies, industry studies and benchmarking information. At each regular board meeting, the directors are provided with updates and summaries of relevant information. Documentation and selected articles and presentations are also provided to directors to keep current their knowledge and understanding of Chorus' business and issues facing Chorus. Furthermore, facility tours are periodically provided to directors so they can enhance their understanding of the operational aspects of Chorus' business.

No less than annually, the Board also conducts a special meeting dedicated to the review and discussion of the strategic plan.

Corporate Policy and Guidelines on Business Conduct

Chorus has adopted a Corporate Policy and Guidelines on Business Conduct which was first approved by the Board of Trustees of the Fund on August 10, 2006. An amended and restated Corporate Policy and Guidelines on Business Conduct (the "Code") was approved by the Board of Trustees on November 5, 2008 and a further amended and restated Code was approved by the Chorus Board of Directors on November 7, 2011. The Code applies to all directors of Chorus and officers and employees of Chorus and its subsidiaries. A copy of the Code can be obtained on SEDAR at www.sedar.com or on Chorus' website at www.chorusaviation.ca. The Code addresses, among other things, the following matters:

- (a) conflicts of interest;
- (b) use of company assets;
- (c) confidential information;

The Governance and Nominating Committee has the responsibility for monitoring compliance with and interpreting the Code. The Code has been communicated or brought to the attention of all employees of Chorus. In addition, all management, administration and technical employees are required to complete an acknowledgement under which they undertake to comply with the guidelines and principles of the Code. The Code also includes provisions whereby employees can report violations. The Board has concluded that such measures are appropriate and sufficient to ensure compliance with the Code. Since the adoption of the Code, Chorus has not filed any material change report pertaining to any conduct of a director or executive officer of Chorus.

In addition to the relevant provisions of the CBCA applicable to directors, the Charter of the Board of Directors provides that the directors shall disclose all actual or potential conflicts of interest, and refrain from voting, on matters in which the director has a conflict of interest. The Charter also provides that a director shall excuse himself or herself from any discussion or decision on any matter in which the director is precluded from voting as a result of a conflict of interest or which otherwise affects his or her personal, business or professional interests.

The Governance and Nominating Committee then reviews and recommends the candidates for nomination as directors and approves the final choice of candidates for nomination and election as directors by the shareholders. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

To achieve its vision, Chorus needs a strong executive team capable of achieving profitability and growth. Chorus' Executive Compensation Program is designed to attract, retain and motivate the key people Chorus needs to meet its strategic plans. In addition, by closely linking executives' and shareholders' interests through incentive compensation, the Executive Compensation Program contributes to the achievement of profitable growth for shareholders. This is achieved through:

- compensation which is market competitive with companies of similar complexity and revenues;
- incentives which reward achievement of corporate objectives and long term value creation; and
- share ownership guidelines which ensure a personal stake in the company and alignment with shareholders.

CHORUS AVIATION INC.

Chorus' Executive Compensation Program reflects high standards of corporate governance, including oversight and mitigation of risk, in its compensation policies and practices. These include:

- share ownership guidelines for executives;
- a balanced mix of fixed to variable and short to long-term compensation;
- payout limits in the Annual Incentive Plan ("AIP") and the Long Term Incentive Plan ("LTIP");
- a balance of financial and individual measures in the incentive plans; and
- an element of discretion to be exercised having regard to individual performance in the AIP, and the LTIP.

The Human Resources and Compensation Committee (the "HRCC") has direct access to consultants specializing in compensation and benefits. Chorus' management has received advice from Mercer (Canada) Limited ("Mercer") since 2006 with respect to compensation and benefits matters. The Board and the HRCC have from time to time since 2009 received independent advice from Hugessen Consulting Inc. ("Hugessen") regarding Chorus' compensation plans and related market standards and practices. Since January 1, 2012 until the date hereof, neither the Board nor the HRCC has incurred any fees related to such consultants. The decisions made by the HRCC are its responsibility and may reflect factors and considerations in addition to the information and recommendations provided by these consultants.

The President and Chief Executive Officer and members of management provide informational presentations to the HRCC related to various human resources and compensation initiatives.

The executive officers of Chorus named in the "Summary Compensation Table" below are referred to herein as the "named executive officers".

Share Ownership Guidelines

Share Ownership Guidelines were approved effective January 1, 2011 to promote share ownership by executives and to better align executives' interests with those of Chorus' shareholders. Following a market review, and further to a recommendation of the HRCC, the following guidelines were approved by the Board in November 2010, to be achieved within five years commencing on the later of January 1, 2011 or the participant's date of hire or promotion to a higher executive level: ownership of Chorus shares with a value equal to three times salary for the President and CEO, two times salary for Senior Vice Presidents (CFO, COO and CAO) and one times salary for Vice Presidents (including the position of General Counsel and Corporate Secretary).

Class B Voting shares, restricted shares and restricted share units ("RSUs") granted under the LTIPs are included when determining whether an executive satisfies the applicable minimum ownership requirement. 100% of any time-based RSUs, and 50% of any performance based RSUs, are included for such purposes. The value of such securities is calculated by reference to the greater of the market and grant share price. As at January 1, 2013 all Executives were in compliance with their share ownership guideline in that they had either already attained or they still have time left to achieve the required level of share ownership.

There are no restrictions on the purchase by named executive officers or directors of financial instruments designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the named executive officer or director. A named executive officer or director would be required to report any such purchase under applicable securities laws.

CHORUS AVIATION INC.

Benchmark Group

In determining compensation, the HRCC gives consideration to a benchmark group of Canadian businesses. This benchmark group is reviewed annually and adjusted as appropriate in order to form executive compensation decisions for the following year, including salary adjustments, if any.

For the purposes of executive and director compensation in 2012, the applicable benchmark group was based on a review by Mercer in 2010. Companies chosen for the benchmark group are headquartered in Canada, are in the industrial sector and have revenues approximately one-quarter to four times that of Chorus. In addition, companies selected were of similar business complexity. Based on these characteristics, the companies in the benchmark group were Transat A.T. Inc., WestJet Airlines Ltd., Superior Plus Corp., Transcontinental Inc., TransForce Income Fund, Toromont Industries Ltd., Aecon Group Inc., CAE Inc., Stantec Inc., Emera Inc., Wajax Income Fund, IESI-BFC Ltd. and Algoma Central Corp. The HRCC also monitors and considers executive and director compensation levels at certain US-based regional airlines.

Chorus considers the development of a direct comparable benchmark group to be challenging both because of Chorus' unique business model in the Canadian landscape and because there are relatively few industrial and utilities type publicly-traded businesses of similar size to Chorus (with most comparable businesses being much larger than Chorus). For these reasons, Chorus considers pay positioning in the 25th to 50th percentile of the benchmark group to be competitive as it reflects Chorus' size relative to other companies in its benchmark group.

Aligning Risk and Compensation

Chorus' compensation oversight and risk management are closely aligned. The HRCC assesses, on a regular basis and in consultation with its external consultants as it determines appropriate, the risks associated with Chorus' executive compensation program. In order to minimize emphasis on short-term results, Chorus' compensation programs are evolving with the objective of placing greater emphasis on longer-term share-based compensation.

The HRCC is satisfied that:

- Chorus' compensation policies and practices do not encourage any named executive officer or employee who works in a principal business unit or division to take inappropriate or excessive risks; and
- there were not any identified risks arising from Chorus' compensation policies and practices that would be reasonably likely to have a material adverse effect on Chorus.

Executive Compensation Program

Chorus' Executive Compensation Program emphasizes incentive compensation linked to Chorus' annual and long-term financial performance to align executives' interests to those of Chorus' shareholders.

Chorus' Executive Compensation Program includes five principal elements of fixed, variable and indirect compensation that are evaluated together to determine the appropriate compensation level for Chorus executives. Consideration is given to the balance between fixed and variable (at risk), short and long-term and cash and equity components. Each element and the specific objectives it is designed to meet are shown, and described further, below.

CHORUS AVIATION INC.

1) Base Salary

Competitive base salaries for Chorus' executives, including the named executive officers, are established by the HRCC based on the responsibilities, contribution, experience and skill set of each executive. When reviewing base salaries, the HRCC also considers equitable factors (such as the desire to maintain a similar level of compensation for a particular officer group, irrespective of function, as well as length of service) and salaries offered by other companies in Chorus' benchmark group for similar positions. Base salary forms a portion of total compensation and compensates individuals for fulfilling their responsibilities.

2) Variable Cash Compensation

Chorus has two cash-based variable compensation plans: an AIP and an operational bonus plan called Ensemble Plus.

Annual Incentive Plan

The level of participation in the AIP is formula based, such that individuals were eligible to be paid a target bonus amount which for 2012 was equal to 30% of base earnings at the Vice President level, 60% of base earnings at the Senior Vice President level, which includes the Chief Financial Officer (CFO), Chief Operating Officer (COO) and Chief Administrative Officer (CAO), and 100% of base earnings for the President and Chief Executive Officer. AIP payouts are based on: (i) performance against financial targets in Chorus' business plan for the relevant year, which, for 2012, consisted of Operating Income ("OI") and Free Cash Flow ("FCF"); these two measures encourage a focus on profitability and align with shareholders' interests in regards to strong cash management; and (ii) individual performance based on performance assessments. All members of management participate in the AIP at target bonus percentages commensurate with their management level. With regards to performance against financial targets, participants in the AIP were eligible to receive payouts of between 0% and 200% of their target bonus amount, based on the achievement of between 80% and 120% of OI and FCF. OI and FCF targets were given equal weighting. Participants were eligible to be paid 100% of their target bonus amount under the AIP if 100% of OI and FCF targets were met. Participants were eligible to be paid a lesser amount than 100% of their target bonus if less than 100% of OI and FCF targets were met. The relationship is linear such that if 90% of OI and FCF targets were met, participants were eligible to be paid 50% of their target bonus amount. Participants were eligible to be paid more than 100% of their target bonus if more than 100% of OI and FCF targets were met, up to 200% of their target bonus amount for achieving 120% of OI and FCF targets. Participants would receive no payments under the plan if less than 80% of those financial targets were met.

A personal performance factor ranging from 0.75 to 1.5 times was also applied to cash payments under the AIP, although total payouts under the plan were limited in all cases to 200% of an individual's target bonus amount after taking into account both achievement of financial targets and the personal performance factor.

CHORUS AVIATION INC.

Ensemble Plus

Ensemble Plus is designed to provide quarterly payments to eligible employees if Chorus achieves pre-determined monthly operational and customer service goals. The Ensemble Plus plan is offered to all eligible employees (including the named executive officers) on the same basis to allow them to share in Chorus' success and to ensure they work together to achieve corporate goals. The maximum annual payout pursuant to Ensemble Plus for 2012 was \$2,625 per eligible employee. This included additional operational incentives for the months in which the Thomas Cook contract was in effect. With the termination of the Thomas Cook contract, the maximum payment in future years will be \$2,550. In 2012, the average annual total payment under the Ensemble Plus was \$1,470 per eligible employee.

3) Equity Plans

Chorus does not have a stock option plan, but instead has two share-based long-term incentive plans: the Chorus Aviation Inc. long-term incentive plan (the "**Chorus LTIP**") and a legacy long-term incentive plan (the "**Jazz LTIP**"). Chorus executives and other key employees (as approved by the Board from time to time) are eligible to participate in the Chorus LTIP and the Jazz LTIP, although there will be no further grants made under the Jazz LTIP. Final grants of restricted units under the Jazz LTIP were made in 2010, and those restricted units vested or were cancelled in 2013. Chorus also has an Employee Share Ownership Plan (the "**ESOP**") which permits employees to buy common shares of Chorus through payroll deductions. Chorus' equity-based plans are designed to align the interests of executives and employees more closely with the interests of Chorus' shareholders.

The Chorus LTIP mirrors the legacy Jazz LTIP. The Chorus LTIP was adopted in connection with the Arrangement and became effective as of January 5, 2011.

The HRCC makes its compensation decisions every year with input as it deems necessary from its external consultants. As Chorus' equity compensation plans are largely formula-based, previous grants do not impact the allocation of new grants.

Chorus LTIP

The purpose of the Chorus LTIP is to provide eligible participants with incentive compensation that enhances Chorus' ability to attract, retain and motivate key personnel and to reward officers and key employees for performance that results in Chorus meeting specified performance targets.

The Chorus LTIP is a "restricted share unit" plan under which participants may be granted RSUs that vest for common shares of Chorus over time or if certain performance goals established at the time of grant are achieved. RSUs entitle the participant to receive common shares of Chorus on a one-for-one basis. Additional RSUs representing the value of quarterly dividends paid on corresponding common shares of Chorus accrue for the benefit of participants. Unvested RSUs held by participants are forfeited in the event of certain events, such as termination for cause and resignation prior to the applicable vesting date.

In the event of a retirement, long-term disability or termination by Chorus without cause, any unvested RSUs would be pro-rated, and the Chorus LTIP participant would be entitled to time-based RSUs that vest within 45 days and performance-based RSUs in respect of the applicable performance cycle if targets are achieved. In the event of a change of control, all unvested RSUs would have vested on the date of the change of control.

The Chorus LTIP aligns the interests of its participants more closely with the interests of Chorus' shareholders, as the value of the RSU is tied to Chorus' financial and share trading performance. The Chorus LTIP focuses executives on long-term value creation, and also supports the retention of executives as RSUs vest or accrue over a number of years.

The Board or the HRCC has the power to, among other things, determine: (i) those individuals who are eligible to participate in the Chorus LTIP; (ii) the level of participation of each participant; and (iii) the time or times when Chorus LTIP awards will vest or be paid to each participant.

CHORUS AVIATION INC.

The level of participation in the Chorus LTIP is formula-based, such that individuals are eligible to be granted an annual award of RSUs equal to 45% of base salary at the Vice President level, 65% of base salary at the Senior Vice President level (which includes the CFO, COO and CAO), and 120% of base salary for the President and Chief Executive Officer. Base salaries are determined as of January 1 of the relevant year. Grants of RSUs under the Chorus LTIP vest over a three-year cycle.

Performance measures of free cash flow, earnings per share and return on capital employed reflect a balance of shareholder alignment, profitability and return; heavier weighting on free cash flow aligns with the dividend policy. Free Cash Flow is defined as EBITDA (earnings before interest, taxes, depreciation, amortization and obsolescence) less non-operating expenses and maintenance capital expenditures required to sustain the operation, and adjusted for any unrealized foreign exchange gain or loss on long-term debt and finance leases and any unusual non-operating one-time items. Other capital expenditures incurred to facilitate growth of the business are excluded from the calculation. This measure ensures shareholder alignment, focusing on strong cash management. Earnings (net income) per share, defined as earnings (net income) divided by weighted average number of shares outstanding, measures overall profitability. Return on capital employed defined as EBIT (earnings before interest and taxes) divided by average total assets less average current liabilities is an appropriate return measure for a capital intensive industry and rewards the strategy of increased diversification.

Jazz LTIP

The Jazz LTIP was the long-term incentive plan of the Fund that was in effect prior to the Arrangement. The Jazz LTIP became effective as of January 1, 2007 and has remained in effect following the Arrangement. Upon the Arrangement, the terms of the restricted units previously granted under the Jazz LTIP were modified such that restricted units under the Jazz LTIP now entitle the participant to receive common shares of Chorus on a one-for-one basis, rather than units of the former income trust on a one-for-one basis. The terms and conditions of the Jazz LTIP are otherwise substantially the same as those of the Chorus LTIP. For the final two cycles of the Jazz LTIP (the 2009 and 2010 Jazz LTIP grants), free cash flow was used as a comparable financial measure in reviewing actual performance against distributable cash targets for the portion of the performance cycle after the Arrangement.

On February 9, 2010, the board of trustees of the Fund approved amendments to the Jazz LTIP in order to allow for the time-based vesting of restricted units. Previously, the vesting of restricted units was solely dependent on the achievement of distributable cash targets. The Jazz LTIP was amended to remove the achievement of distributable cash targets as a vesting condition from 1/3 of the unvested restricted units granted in 2009. The remaining 2/3 of those unvested restricted units continue to vest over a three year performance cycle if performance targets are met. The minimum threshold for vesting of those restricted units is 80% of target performance to a maximum of 100% vesting if performance meets or exceeds target. At 80% target performance, vesting of those restricted units is 80%. These amendments were made to recognize and retain key talent and to align the Jazz LTIP with general market practice. Under the terms of the Jazz LTIP, Fund unitholder approval was not required for these amendments.

Employee Share Ownership Program

Chorus' former employee unit purchase plan was amended and restated and is now referred to as the ESOP. The ESOP permits employees to buy common shares of Chorus through payroll deductions. The ESOP was originally established in connection with the initial public offering of the Fund. The purpose of the ESOP is to permit eligible employees to invest up to 6% of their salary for the purchase of common shares of Chorus on the secondary market.

Chorus has previously matched at 33.33% the investments made by the employees under the plan and used such funds to purchase units (now common shares of Chorus) on the secondary market on behalf of such participants. The percentage of matching contributions and the base threshold amounts are established and are subject to adjustment by the Board or the HRCC. The Board may use its discretion to set the employer match at or above 33.33%. With the introduction of the ESOP, employees were eligible to receive a special 100% employer match of employee contributions in 2011. In both November 2011 and 2012, the Board approved a 60% match for contributions made to the ESOP in 2012 and 2013.

CHORUS AVIATION INC.

Each quarter, employees who have reached one year of service in the preceding quarter receive a ten share gift. Chorus purchases such shares on the secondary market.

4) Benefits

Group benefits and Chorus' executive pension plan are intended to be at the median level for Chorus' benchmark group. Benefits include life insurance, accidental death and dismemberment (AD&D) insurance, extended health, dental and short and long-term disability insurance.

5) Perquisites

Perquisites offered to executive officers include a car allowance, a medical top-up plan and optional financial advisory services. Perquisites are intended to be at the median level for Chorus' benchmark group.

Compensation of Named Executive Officers

All named executive officers, other than the President and Chief Executive Officer, receive performance reviews based on a common set of evaluation criteria. These criteria are grouped into the following categories: job responsibilities; leadership; progress on department plans and commitment to Six Sigma tools and Lean philosophies. The results of these performance reviews form the basis for determining the personal performance factor for AIP purposes. For 2012, a personal performance factor of 1.25 or 1.5 (out of a maximum of 1.5 and a minimum of 0.75) was applied in respect of the named executive officers other than the President and Chief Executive Officer based on the results of their performance review.

The HRCC, in consultation with the Board, assesses the performance of the President and Chief Executive Officer annually based on financial and non-financial measurements to determine an appropriate level of compensation. However, the formulas used and program parameters for variable compensation and the Jazz LTIP and the Chorus LTIP are those approved by the Board for all executives. The annual performance review of the President and Chief Executive Officer takes into account a number of factors. Overall leadership performance is also evaluated with consideration given to the achievement of the annual business plan, which includes short-term initiatives to meet annual targets and long-term strategic initiatives aimed at growing shareholder value. In 2012, factors considered by the HRCC included: (i) financial results, including cost containment; (ii) strong operational performance comparable to the best year on record, and industry leading safety programs and practices; (iii) continued introduction of the new Q400 fleet type; (iv) building long-term share value through business development opportunities, (v) leadership and performance through extraordinary events, (vi) achievement of planned strategic initiatives, including the CPA rate reset (vii) performance in special reviews and audits; (viii) charity and community involvement; and (ix) industry and business community involvement.

The following recommendations on compensation for the named executive officers were made by the HRCC and were approved by the Board in relation to the 2012 financial year: (i) a payout under the AIP of 124% of target bonus amount for each named executive officer; (ii) the vesting of all time based restricted shares granted in 2010 under the Jazz LTIP and 100% vesting of the performance-based restricted shares plus their associated additional restricted shares in relation to cash distributions and dividends on shares of Chorus; (iii) a grant of RSUs in respect of 2012 under the Chorus LTIP at the regular formula amount applicable to the particular named executive officer; and (iv) base salary market adjustment increases effective January 1, 2012 based on the review by Mercer Consulting. There was no base salary increase for the President and CEO for the 2012 year.

The AIP payout of 124% of target bonus amount was based on achievement of operating income and free cash flow performance in excess of the combined targets. Actual operating income performance was \$136.1 million against a target of \$130.0 million, while actual free cash flow performance was \$145.3 million against a target of \$138.6 million. The AIP expense is excluded from the actual and target results for purposes of this calculation.

In 2012, Mercer provided advice to management related to executive compensation strategy including various long-term incentive alternatives. There were no changes made in 2012 resulting from this advice.

CHORUS AVIATION INC.

In the fall of 2012, Mercer completed a market executive compensation review of the benchmark group, used for the purpose of forming executive compensation decisions for 2013. The benchmark group previously listed was used. Based on the 2012 executive compensation review, and the HRCC's objective to increase the performance based variable component of the compensation mix in a manner consistent with market practice, the target annual incentive amounts were increased to 40% of base earnings for the Vice President Maintenance and Engineering and the Vice President Business Development and 35% of base earnings for other Vice Presidents. These changes are effective for the 2013 financial year. The target incentive amount of 60% of base earnings at the Senior Vice President level (CFO, COO and CAO), and 100% of base earnings for the President and Chief Executive Officer, were considered to be in line with market practices and no adjustments were made.

Further, based on this executive compensation review, the LTIP grant was increased to 75% of base salary for the COO, 55% of base salary for the Vice President Maintenance and Engineering and the Vice President Business Development and 50% of base salary for other Vice Presidents. These changes are effective for the 2013 financial year. The grants of 65% of base salary for the CFO and CAO and 120% of base salary for the President and Chief Executive Officer were considered to be in line with market practices and no adjustments were made.

Performance Graph

The following graph compares the total cumulative return of a \$100 investment in the units of the Fund (now shares of Chorus) made on January 1, 2008, with the cumulative return of the S&P/TSX Composite Index for the period beginning on January 1, 2008 and ended December 31, 2012.

The trend shown in the graph generally corresponds to the trend in the compensation of the named executive officers, excluding the impact of individual performance factors and increases in compensation due to promotion. The dollar value of variable compensation in the form of payouts under Chorus' cash-based variable compensation plan has varied as the financial performance of Chorus has varied over the period. Further, since a significant component of executive compensation is comprised of grants under long-term incentive plans, the compensation of management has been affected by changes in the market price of the shares. For example, the value of awards under the 2009 grants under the Jazz LTIP which vested in 2012 was \$3.80 per share at the time of vesting (compared to \$4.34 per unit as of their date of grant in 2009).

2012 Outstanding share-based awards at fiscal year end

The table below shows the awards of RSUs granted to the named executive officers and the market value of those RSUs on December 31, 2012. Pursuant to the Jazz LTIP and Chorus LTIP, participants could have between 80% and 100% of their performance RSUs vested or none at all. Performance vesting conditions apply to two thirds of the RSUs. In February 2013, the HRCC approved the vesting of 100% of the RSUs granted in 2010 under the Jazz LTIP. See “Compensation of Named Executive Officers” above. Those RSUs vested in 2013, and therefore are not treated as having vested in 2012 for the purposes of the table below.

(1) Amounts represent number of RSUs awarded under the Jazz LTIP and Chorus LTIP, in each case on the date of grant. Additional RSUs have been credited to the named executive officers on account of quarterly dividends on shares of Chorus (or, prior to 2011, monthly distributions on units of the Fund) in accordance with the terms of the Chorus LTIP and Jazz LTIP. The total numbers of additional RSUs credited in respect of the aggregate number of restricted share units that have not vested are as follows: Mr. Randell (141,341), Mr. Flynn (25,292) Ms. Mahody (36,972), Mr. Copp (35,649) and Mr. Steer (18,489).

(2) Based on market value of shares of Chorus at December 31, 2012 of \$3.85 per share. The amounts for the 2012 and 2011 LTIPs are shown as the minimum payouts reflecting the 1/3 of RSUs granted that will vest on a time basis. The market value for the 2010 LTIP grant reflects the fact that vesting was determined in February 2013 to be 100% for the performance-based RSUs.

- (1) Represents value of all restricted shares vested in 2012 determined on the date of delivery of shares or cash in lieu of shares. The HRCC typically approves the vesting of time-based RSUs and performance-based RSUs in February of each year, in respect of performance cycles ending at the end of the previous calendar year. For example, on February, 2012, the Board approved the vesting of restricted shares granted in 2009 under the Jazz LTIP reflecting performance targets achieved over the three year performance cycle ending December 31, 2011. The vesting of these restricted shares is reflected in this table.

On February 20, 2013, the HRCC approved the vesting of 100% of all performance RSUs granted in 2010 under the Jazz LTIP. Since these RSUs did not vest in 2012, they are not reflected in this table.

Pension Benefits

Named executive officers of Chorus currently participate in a registered defined contribution pension plan (the “**Pension Plan**”) under which Chorus contributes the maximum allowable amount under the *Income Tax Act* (the “**Tax Act**”). They also participate in a partially funded supplemental executive retirement plan (the “**SERP**”) for designated executives.

In aggregate, for each year of credited service as an executive, the Pension Plan and the SERP are intended to provide a target pension benefit of 1.5% of final average earnings up to, and 2.0% of final average earnings in excess of, the final average Year’s Maximum Pensionable Earnings (the “**YMPE**”). For this purpose, final average earnings is defined as the average salary in the best three consecutive years and the final average YMPE is the average of the YMPE (as defined under the Canada Pension Plan) in the year of termination and the preceding two years. The SERP benefit is reduced by a deemed benefit from the Pension Plan. This deemed benefit is calculated by accumulating contributions made to the Pension Plan with the interest rate on 5-year GICs, and converting this deemed account balance to a pension at retirement.

The normal retirement date under the SERP is the first day of the month coincident with or next following attainment of age 65. Members who attain age 55 can retire prior to their normal retirement date provided that, if they retire prior to age 57, their pension is reduced by the ratio of the executive’s service at the date of pension commencement to what the executive’s service would have been at age 57 if the executive had continued in employment.

If a member’s employment is terminated prior to age 55, the member is entitled to receive a pension commencing at age 55. Such pension is calculated in the same manner as the normal retirement date pension, but with their pension reduced by the ratio of what the executive’s service would have been at age 55 if the executive had continued in employment to what the executive’s service would have been at age 57 if the executive had continued in employment.

The normal form of pension for members with a spouse at the date of pension commencement is payable for the lifetime of the member with 60% of the member’s pension continuing to a surviving spouse. The normal form of pension for members without a spouse at the date of pension commencement is payable for the lifetime of the member, with a guarantee that a minimum of 120 monthly payments would be made.

The table below summarizes the accumulated balances in each named executive officer's defined contribution account at December 31, 2011 and December 31, 2012 as well as the factors that have caused the balance to change during 2012. The SERP benefit is reduced by a deemed benefit from the Pension Plan.

Richard Steer	148,999	23,820	188,140

(1) The accumulated balances in Mr. Copp's defined contribution account in the table above reflect Mr. Copp's participation over a number of years in the defined contribution pension plan that was the predecessor to the Chorus Pension Plan.

Supplemental Executive Retirement Plan

The table below shows the following information for each named executive officer participating in the SERP:

- years of credited service as at December 31, 2012;
- estimated annual benefit accrued, or earned, for service up to December 31, 2012 and up to the age of 65; and
- a reconciliation of the accrued obligation from December 31, 2011 to December 31, 2012.

In accordance with IFRS, the amounts below make no allowance for the different tax treatment of the portion of pension not paid from the registered or qualified pension plans. All amounts shown below are estimated based on assumptions and represent contractual entitlements that may change over time. The method and assumptions used to determine estimated amounts will not be identical to the method and assumptions used by other issuers and, as a result, the figures may not be directly comparable across issuers.

(1) The accrued obligation is the value of the projected pension earned for service to December 31, 2011. The values have been determined, based on the 2011 actual earnings adjusted to reflect expected increases in pensionable earnings, using the same actuarial assumptions used for determining the pension plan obligations at December 31, 2011 as disclosed in the notes to the 2011 consolidated financial statements as presented by Chorus.

Termination and Change of Control Benefits

In January 2012, Chorus entered into termination and change of control agreements with each of its President and CEO, CFO, COO and CAO. Pursuant to these agreements, the executives become entitled to certain benefits in the event of (i) a termination without cause, or (ii) a change of control followed by “good reason” (as defined in the agreement). Upon the occurrence of a triggering event:

- The President and CEO would be entitled to: 24 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum combined severance of 36 months. As of December 31, 2012, Mr. Randell would be entitled to a cash severance payment of \$1,737,000 and a short-term incentive plan payment of \$1,572,770. The short-term incentive plan payment represents the number that is the product of (A) the number of months of the severance period divided by 12 and (B) the greater of the average bonus payment for the previous two calendar years and 75% of the target bonus under the AIP.
- The CFO, COO and CAO would each be entitled to: 12 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum combined severance of 24 months. As of December 31, 2012, the cash severance payments to which the CFO, COO and CAO would be entitled to are as follows: Mr. Flynn (\$600,000), Ms. Mahody (\$612,000) and Mr. Copp (\$592,000). As of December 31, 2012, the short-term incentive plan payments to which the CFO, COO and CAO would be entitled to are as follows: Mr. Flynn (\$270,000), Ms. Mahody (\$338,150) and Mr. Copp (\$329,112). The short-term incentive plan payments represents the number that is the product of (A) the number of months of the severance period divided by 12 and (B) the greater of the average bonus payment for the previous two calendar years and 75% of the target bonus under the AIP.

A change of control for the purposes of the termination and change of control agreements for the President and CEO, the CFO, the COO and the CAO, is defined to mean a transaction or series of transactions whereby any individual or corporation, or group or individuals or corporations acting jointly or in concert, obtains a sufficient number of securities of the Corporation to affect materially the control of the Corporation. For the purposes of the termination and change of control agreements, an individual or corporation, or group of individuals or corporations acting jointly or in concert, holding shares or other securities in excess of the number which, directly or following conversion thereof, would entitle such individual(s) and/or corporation(s) to cast 50% or more of the votes attaching to all shares of the Corporation which may be cast to elect directors of Chorus, shall be deemed to be in a position to affect materially the control of Chorus.

In December 2012, Chorus entered into a severance arrangement with the Vice President of Maintenance and Engineering. Pursuant to the agreement, this executive becomes entitled to the following benefits in the event of a termination without cause.

- 12 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum of eighteen months. The short-term incentive plan payment would be equal to the product of (A) the number of months of the severance period divided by 12 and (B) the average bonus payment for the previous two calendar years. As of December 31, 2012, the executive would be entitled to a cash severance payment of \$311,250 and short-term incentive plan payments of \$117,210.

In addition, upon the occurrence of a triggering event, the named executive officers would no longer be eligible for RSU grants under the Chorus LTIP. The vesting of RSUs held by the named executive officers for shares of Chorus in the event of termination without cause or a change of control will be in accordance with the Chorus LTIP described on pages 40 to 41 and the treatment of the named executive officers in such circumstances will be the same as all other Chorus LTIP participants. As of December 31, 2012, the range of values for each of the named executive officers of the total number of incremental RSUs awarded under the Jazz LTIP and the Chorus LTIP on a termination without cause (based on the closing market price of Chorus' shares on December 31, 2012) is as follows: Mr. Randell (\$552,180 - \$1,656,540), Mr. Flynn (\$97,105 - \$291,315), Ms. Mahody (\$143,939 - \$431,818), Mr. Copp (\$138,776 -

CHORUS AVIATION INC.

\$416,327) and Mr. Steer (\$72,187 - \$216,561). These values are net of any defaulted RSUs (determined based on the percentage of the completed performance cycle as of December 31, 2012). As of December 31, 2012, the value for each of the named executive officers of the total number of incremental RSUs awarded under the Jazz LTIP and the Chorus LTIP in the event of a change of control (based on the closing market price of Chorus' shares on December 31, 2012) is as follows: Mr. Randell (\$ 2,420,081), Mr. Flynn (\$ 494,717), Ms. Mahody (\$649,100), Mr. Copp (\$626,456) and Mr. Steer (\$318,559).

An executive will be deemed to remain in continuous service, for purposes of determining their benefits under the SERP, for a period of 36 months in the case of the President and CEO, 24 months for the CFO, COO and CAO, and 18 months for the Vice President Maintenance and Engineering. An executive would also be entitled to retiree travel privileges in accordance with the retiree travel privilege plan then in effect.

As of December 31, 2012, the value of the incremental annual pension benefit payable to the named executive officers under their agreements, determined by assuming that each executive would receive 36 months in the case of Mr. Randell, 24 months for Mr. Flynn, Ms. Mahody and Mr. Copp, and 18 months for Mr. Steer, of additional pension service credits under the SERP as at the date of termination, is as follows: Mr. Randell (\$33,395), Mr. Flynn (\$43,118), Ms. Mahody (\$17,316), Mr. Copp (\$17,184) and Mr. Steer (\$5,261). The incremental annual pension benefit represents the additional SERP pension payable immediately for those executives currently eligible for retirement, and at age 55 for those executives not currently eligible for retirement.

In addition, the executives are subject to certain confidentiality, non-solicitation and non-disparagement obligations under these agreements. Breach by the executive of such provisions may result in the executive becoming liable to pay to Chorus all amounts received pursuant to their respective agreement.
