CHORUS AVIATION INC.

Completing the Proxy and Voting Instruction Form

Please follow the instructions included on the proxy or voting instruction form.

You can choose to vote “For” or “Withhold” with respect to the election of each director and the appointment of the auditors.

When you sign the proxy or voting instruction form without appointing an alternate proxyholder, you authorize Richard H. McCoy, Joseph D. Randell or Barbara Snowdon, who are directors and/or officers of Chorus, to vote your shares for you at the meeting in accordance with your instructions. **If you sign and return your proxy or voting instruction form without specifying how you want to vote your shares, your vote will be counted FOR the election of the nominee directors of Chorus who are named in this circular and FOR the appointment of PricewaterhouseCoopers LLP as auditors of Chorus.**

The directors of Chorus are not aware of any other matters which will be presented for action at the meeting. If, however, other matters properly come before the meeting, the persons designated in the enclosed proxy or voting instruction form will vote in accordance with their judgment, pursuant to the discretionary authority conferred by the proxy or voting instruction form with respect to such matters.

You have the right to appoint someone other than the designated nominees to be your proxyholder. If you are appointing someone else to vote your shares for you at the meeting, fill in the name of the person voting for you in the blank space provided on the form of proxy or voting instruction form.

If you do not specify how you want your shares voted, your proxyholder will vote your shares in favour of each item scheduled to come before the meeting and as he or she sees fit on any other matter that may properly come before the meeting.

A proxyholder has the same rights as a shareholder to speak at the meeting in respect of any matter, to vote by way of ballot at the meeting and, except where the proxyholder has conflicting instructions from more than one shareholder, to vote at the meeting in respect of any matter by way of a show of hands.

If you are an individual shareholder, you or your authorized attorney must sign the form of proxy or voting instruction form. If you are a corporation or other legal entity, an authorized officer or attorney must sign the form of proxy or voting instruction form.

You must also complete the Declaration of Canadian Status contained in the form of proxy or voting instruction form for the Class A Variable Voting Shares or Class B Voting Shares, as applicable, to inform Chorus whether or not you are Canadian in order to enable Chorus to comply with the share ownership and voting restrictions imposed by the *Canada Transportation Act* (the “Act”). If you do not complete such declaration or if it is determined by Chorus or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the shares represented by proxy are owned and controlled by a Canadian, you will be deemed to be a non-Canadian for purposes of voting at the meeting.

If you need assistance completing your form of proxy or voting instruction form, please contact Chorus Investor Relations at (902) 873-5094 for service in English or in French.

Changing Your Vote

A registered shareholder may revoke a previously submitted proxy by an instrument in writing executed by the shareholder or the shareholder’s attorney authorized in writing and deposited either at the Halifax office of Chorus’ transfer agent, CST Trust Company, 1600 Hollis Street, Suite 406, Halifax, Nova Scotia, B3J 1V7, or at Chorus’ registered office, 100 King Street West, 1 First Canadian Place, Suite 6100, P.O. Box 50, Toronto, Ontario, M5X 1B8, **at any time up to 9:00 a.m. (Atlantic time) on May 13, 2014** (or 5:00 p.m. (Atlantic time) on the last business day preceding the date set for any adjourned or postponed meeting), or with the chair of the meeting on the day of the meeting.

A non-registered shareholder may revoke previously submitted voting instructions given to a broker, securities dealer, trust company or other intermediary by providing written notice to them (or in the case of

CHORUS AVIATION INC.

a desire to change your vote, by re-submitting voting instructions by Internet, telephone or mail). Your nominee must receive such notice in sufficient time for your nominee to act on it.

Voting Requirements

The appointment of the auditors of Chorus and the election of the directors of Chorus will be determined by a majority of votes cast at the meeting by proxy or in person. If there is a tie, the chair of the meeting is not entitled to a second or casting vote.

CST Trust Company counts and tabulates the votes.

Voting Shares and Quorum

As of March 24, 2014 there were 4,927,861 Class A Variable Voting Shares and 117,614,165 Class B Voting Shares of Chorus issued and outstanding. Shareholders of record on April 4, 2014 are entitled to receive notice of and vote at the meeting. The list of shareholders entitled to vote at the meeting will be available for inspection on and after April 10, 2014 during usual business hours at the Halifax office of Chorus' transfer agent, CST Trust Company, 1660 Hollis Street, Suite 406, Halifax, Nova Scotia, B3J 1V7, at Chorus' registered office, 100 King Street West, 1 First Canadian Place, Suite 6100, P.O. Box 50, Toronto ON M5X 1B8, and at the meeting.

A quorum is present at the meeting if the holders of not less than 25% of the shares entitled to vote at the meeting are present in person or represented by proxy, irrespective of the number of persons actually present at the meeting. If a quorum is present at the opening of the meeting, the shareholders present or represented by proxy may proceed with the business of the meeting notwithstanding that a quorum is not present throughout the meeting. If a quorum is not present at the opening of the meeting, the shareholders present or represented by proxy may adjourn the meeting to a fixed time and place but may not transact any other business.

If a body corporate or association is a shareholder of Chorus, Chorus shall recognize any individual authorized by a resolution of the directors or governing body of the body corporate or association to represent it at the meeting. An individual thus authorized may exercise on behalf of the body corporate or association all the powers it could exercise if it were an individual shareholder.

If two or more persons hold shares jointly, one of those holders present at the meeting may in the absence of the others vote the shares, but if two or more of those persons who are present, in person or by proxy, vote, they shall vote as one on the shares jointly held by them.

Restrictions on Voting Securities

As of March 28, 2014, the applicable provisions of the Act require that holders of domestic, scheduled international and non scheduled international licenses be "Canadian" as defined in the Act ("**Canadian**"). In the case of each licence holder, this requires that at no time may non-Canadians (i) control the corporation in fact or (ii) hold or beneficially own or control, directly or indirectly, such number of shares entitling them to more than 25% (or any higher percentage as the Governor in Council may by regulation specify) of the votes attached to all outstanding shares. The Articles of Chorus contains restrictions to ensure that Chorus remains Canadian under the Act. The definition of the term "Canadian" under section 55(1) of the Act may be summarized as follows:

- (a) Canadian citizen or a permanent resident within the meaning of the *Immigration and Refugee Protection Act* (Canada);
- (b) a government in Canada or an agent of such a government; or
- (c) a corporation or other entity that is incorporated or formed under the laws of Canada or a province, that is controlled in fact by Canadians and of which at least 75% (or such lesser percentage as the Governor in Council may by regulation specify) of the voting interests are owned and controlled by Canadians.

CHORUS AVIATION INC.

Chorus has two classes of shares: (i) Class B Voting Shares and (ii) Class A Variable Voting Shares.

The Class B Voting Shares may only be held, beneficially owned and controlled, directly or indirectly, by persons who are Canadians. Unless the foreign ownership restrictions of the Act are repealed and not replaced with other similar restrictions, an issued and outstanding Class B Voting Share shall be converted into one Class A Variable Voting Share, automatically and without any further act of Chorus or the holder, if such Class B Voting Share becomes held, beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by a person who is not a Canadian. Each Class B Voting Share confers the right to one vote.

The Class A Variable Voting Shares may only be held, beneficially owned or controlled, directly or indirectly, by persons who are not Canadians. An issued and outstanding Class A Variable Voting Share shall be converted into one Class B Voting Share, automatically and without any further act of Chorus or the holder, if (i) such Class A Variable Voting Share becomes held, beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by a person who is a Canadian; or (ii) the provisions contained in the Act relating to foreign ownership restrictions are repealed and not replaced with other similar provisions.

The holders of Class A Variable Voting Shares are entitled to one vote per Class A Variable Voting Share unless: (i) the number of Class A Variable Voting Shares outstanding, as a percentage of the total number of all voting shares outstanding, exceeds 25% (or any higher percentage that the Governor in Council may by regulation specify); or (ii) the total number of votes cast by or on behalf of holders of Class A Variable Voting Shares at any meeting exceeds 25% (or any higher percentage that the Governor in Council may by regulation specify) of the total number of votes that may be cast at such meeting. If either of the above-noted thresholds would otherwise be surpassed at any time, the vote attached to each Class A Variable Voting Share will decrease proportionately, automatically and without further act or formality such that (i) the Class A Variable Voting Shares as a class do not carry more than 25% (or any higher percentage that the Governor in Council may by regulation specify) of the Aggregate Votes attached to all issued and outstanding voting shares of the corporation, and (ii) the total number of votes cast by or on behalf of holders of Class A Variable Voting Shares at any meeting do not exceed 25% (or any higher percentage that the Governor in Council may by regulation specify) of the total number of votes that may be cast at such meeting.

In 2009, the Government of Canada introduced Bill C-10, the *Budget Implementation Act*, which proposed amendments to the CTA relating to foreign ownership restrictions on domestic air carriers. Bill C-10 received Royal Assent on March 12, 2009. The Governor in Council now has the authority on the recommendation of the Minister of Transport to fix by order, a day on which the Governor in Council may by regulation, set new foreign ownership limits up to a maximum of 49% foreign ownership. The regulations may specify that the new limits apply generally to all non-Canadian investors or, alternatively may specify increased foreign ownership limits available to specific classes of non-Canadians to be identified in the regulations. As of March 28, 2014 no such regulations have been proposed by the Governor in Council.

The holders of Class A Variable Voting Shares and Class B Voting Shares will vote together at the meeting and no separate meeting is being held for any such class of shares.

Shareholders who wish to vote at the meeting either by completing and delivering a proxy or a voting instruction form or by attending and voting at the meeting will be required to complete a Declaration of Canadian Status in order to enable Chorus to comply with the restrictions imposed by the Act regarding the ownership and voting of its voting securities. If you do not complete such declaration or if it is determined by Chorus or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the shares of Chorus represented by the proxy are owned and controlled by a Canadian, you will be deemed to be a non Canadian for purposes of voting at the meeting. Such declaration is contained in the accompanying form of proxy or in the voting instruction form provided to you if you are a non registered shareholder or an employee voting shares of Chorus under the Employee Share Ownership Plan and in the Internet voting instructions.

CHORUS AVIATION INC.

Principal Shareholders

As of March 24, 2014, to the knowledge of the directors of Chorus and based on publicly available early warning reports and insider reports, no person or entity beneficially owned, or exercised control or direction over, directly or indirectly, shares carrying 10% or more of the votes attached to all outstanding shares entitled to vote in connection with any matters being proposed for consideration at the meeting.

Intercorporate Relationships

The following chart illustrates the entities in the structure of Chorus as of March 28, 2014 (including jurisdiction of establishment/incorporation of the various entities).

BUSINESS OF THE MEETING

Four items will be covered at the meeting:

1. placement before the shareholders of the consolidated financial statements of Chorus for the year ended December 31, 2013, including the auditors' report thereon;
2. election of the directors of Chorus who will serve until the end of the next annual shareholder meeting unless a director leaves the Board prior to such time;
3. appointment of auditors of Chorus; and
4. consideration of such other business, if any, that may properly come before the meeting or at any adjournment or postponement thereof.

CHORUS AVIATION INC.

As of the date of this circular, management are not aware of any changes to these items, and do not expect any other items to be brought forward at the meeting. If there are changes or new items, your proxyholder can vote your shares on these items as he or she sees fit.

1. Placement of financial statements of Chorus

The consolidated financial statements of Chorus for the year ended December 31, 2013, including the auditors' report thereon, are available on our website at www.chorusaviation.ca and on SEDAR at www.sedar.com. Copies of such statements will also be available at the meeting.

2. Election of the directors of Chorus

Eight directors are to be elected to the Board of Directors. Please see "The Nominated Directors" section of this circular for more information. Each director elected at the meeting will serve until the end of the next annual shareholder meeting unless he or she leaves the Board prior to such time.

All of the individuals to be nominated as directors are currently members of the Board of Directors. All eight of these individuals, Gary M. Collins, Karen Cramm, Benjamin C. Duster, IV, Richard D. Falconer, Sydney John Isaacs, G. Ross MacCormack, Richard H. McCoy, and Joseph D. Randell, were elected at the annual meeting of shareholders of Chorus held on May 10, 2013. John T. MacLennan who was also elected at the May 10, 2013 shareholder meeting is retiring from the Board. Please see "The Nominated Directors" section in this circular for additional information relating to each such director standing for nomination.

The Board has adopted a majority voting policy which stipulates that if a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be expected to forthwith submit his or her resignation, to be effective on acceptance by the Board. The Board will refer the resignation to the Governance and Nominating Committee for consideration. The Board will make its decision within 90 days of the meeting. The Board will accept the resignation unless the Governance and Nominating Committee determines that there are extraordinary circumstances that should delay acceptance of the resignation or justify rejecting it.

The majority voting policy does not apply where an election involves a proxy battle (i.e., where proxy material is circulated in support of one or more director nominees who are not part of the director nominees supported by the Board).

If you do not specify how you want your shares voted, the persons named as proxyholders will cast the votes represented by proxy at the meeting FOR the election as directors of the nominee directors who are named in this circular.

3. Appointment of auditors

The Board, on the advice of the Audit, Finance and Risk Committee, recommends that PricewaterhouseCoopers LLP, Chartered Accountants, be re-appointed as auditors of Chorus. PricewaterhouseCoopers LLP has served as auditors of Chorus' predecessors since February 19, 2001, and of Chorus since its creation on September 27, 2010. The auditors appointed at the meeting will serve until the end of the next annual shareholder meeting or until their successors are appointed.

REMUNERATION OF DIRECTORS

The compensation structure of the Board is designed to attract and retain highly talented and experienced directors focussed on the long-term success of Chorus. This requires that directors of Chorus be adequately and competitively compensated.

The Board has determined that directors should be compensated in a form and amount which is appropriate and customary for comparable corporations, having regard for such matters as time commitment, responsibility and trends in director compensation. In 2010, the Governance and Nominating Committee, assisted by Mercer Consulting, conducted a review of director compensation by referencing the benchmark group used for executive compensation reviews. As a result, and to maintain a competitive compensation structure, annual retainers were adjusted effective October 1, 2010, and a deferred share unit program (“**DSU Plan**”) was approved effective January 1, 2011. There was no change to director compensation in 2011, 2012 or 2013.

Directors (other than the Chairman and the executive director, Mr. Randell) receive an annual retainer of \$65,000. The Chairman receives an annual retainer of \$110,000. The Directors are not paid meeting fees for attending Board or committee meetings.

Directors (other than the Chairman and the executive director) also receive an additional annual retainer of \$15,000, \$7,500, and \$7,500, respectively, if they chair the Audit, Finance and Risk Committee, the Governance and Nominating Committee, or the Human Resources and Compensation Committee. Members of the Audit, Finance and Risk Committee, the Governance and Nominating Committee, and the Human Resources and Compensation Committee, receive, respectively, an additional annual retainer of \$5,000, \$2,500, and \$2,500.

Non-executive directors receive a portion of their remuneration in deferred share units (“**DSUs**”) pursuant to a DSU Plan designed to promote the alignment of interests between individual non-executive directors and the shareholders of Chorus. DSUs will have a value equivalent to the value of the shares at any time. DSUs may only be redeemed for cash and will be paid out only subsequent to the time the director ceases to be a director, or in the case of a U.S. taxpayer, subsequent to the date such person incurs a “separation from service” under applicable U.S. law. Participating directors will receive, in respect of their DSUs, an amount equivalent to the amount of any dividends paid on the shares in the form of additional DSUs. Under the DSU Plan, the Chairman receives an annual grant of DSUs with a value of \$40,000 while other non-executive directors receive an annual grant of DSUs with a value of \$30,000, paid in quarterly instalments. In addition, a participating director may elect to have his or her annual retainer and/or any additional retainer payable in the form of DSUs or a combination of DSUs and cash.

The executive director, Mr. Randell, is not paid retainer fees or committee fees and does not receive DSUs.

Directors are reimbursed for travel and out-of-pocket expenses incurred in attending meetings of the Board or the committees, as applicable. Non-executive directors also receive an annual grant of travel reward miles. As these travel reward miles are a taxable benefit, they receive a payment to address the related income tax.

SHARE OWNERSHIP REQUIREMENT FOR DIRECTORS

Effective January 1, 2011, the Board adopted share ownership guidelines according to which non-executive directors are required to own securities of Chorus with a value equal to three times their base annual retainer through shares and/or DSUs which would mean a requirement to hold securities with a minimum value of \$195,000 for non-executive directors and \$330,000 for the Chairman. The value of securities for this purpose is the greater of the market value of the securities and the aggregate purchase price of the securities. Such ownership must be achieved by the later of five years from January 1, 2011 or the date of the director’s appointment. As of March 28, 2014, no director has reached the date by which his/her security holdings must meet the guidelines. For share ownership requirements for the executive director, please refer to the details in the “Executive Compensation” section of this circular.

After reviewing its governance practices, the Board has concluded that Chorus complies with the requirements of *National Instrument 58-101 - Disclosure of Corporate Governance Practices*. Chorus regularly adjusts its governance practices as regulatory changes come into effect, and will continue to monitor these changes closely and make any required amendments to its governance practices.

Board of Directors

Director Independence

The Charter of the Board of Directors provides that the Board of Directors shall at all times be composed of a majority of individuals who must be determined to have no material relationship with Chorus and who, in the reasonable opinion of the Board of Directors, must be unrelated and independent under the laws, regulations and stock exchange listing requirements to which Chorus is subject. Based on the information received from each director, the Board of Directors concluded that each of the directors of Chorus standing for election to the Board, except the President and Chief Executive Officer, Joseph D. Randell, is independent in that he or she does not have a direct or indirect material relationship with Chorus and, in the reasonable opinion of the Board of Directors, is unrelated and independent under applicable laws, regulations and listing requirements. Mr. Randell is not independent because he is the President and Chief Executive Officer of Chorus.

CHORUS AVIATION INC.

Seven of the eight directors of Chorus nominated for election to the Board have been determined, based on National Instrument 52-110 - Audit Committees, to be independent (as listed in the following table). All committee members are independent.

Chairman of the Board

The nominated Chairman of the Board is independent. Chorus' maintenance of separate Chair and Chief Executive Officer positions enables more effective oversight of management.

A position description for the Chairman of the Board has been adopted under which the Chairman is responsible for, among other things: (i) ensuring that the responsibilities of the Board are well understood; (ii) ensuring that the directors work as a cohesive team and providing the requisite leadership to achieve this; (iii) ensuring that the resources available to the directors (in particular, timely and relevant information) are adequate to support their work; (iv) adopting procedures to ensure that the directors can conduct their work effectively and efficiently, including committee structure and composition, scheduling and management of meetings; (v) developing agenda for meetings and procedures, and monitoring the composition of the committees of the Board; (vi) ensuring proper flow of information to the Board; (vii) ensuring that a process is in place by which the contribution of individual directors and the effectiveness of the Board as a whole are assessed; and (viii) chairing every meeting of the Board and encouraging free and open discussion at such meetings.

Board Size

The Board was comprised of nine directors on December 31, 2013. Eight nominees are being proposed in this circular as directors. The Board is of the view that such size and composition is adequate and allows for the efficient functioning of the Board.

"In camera" Sessions of Board of Directors

At Board of Directors meetings, time is reserved for non-management directors to hold "in camera" sessions in the absence of the members of management and the non-independent management director. The Board of Directors meets without management and without the non-independent management director at each regularly scheduled meeting, and at all other meetings, the directors consider whether an "in camera" meeting would be appropriate in the circumstances. Questions and comments formulated during "in camera" sessions are then passed on to the members of management who were excluded from the "in camera" sessions. During the year ended December 31, 2013, ten such in-camera sessions were held in the absence of management. In addition, the non-management directors held six sessions in the absence of the non-independent management director, Mr. Randell.

CHORUS AVIATION INC.

Corporate Policy and Guidelines on Business Conduct

Chorus has adopted a Corporate Policy and Guidelines on Business Conduct (the “Code”) which was approved by the Chorus Board of Directors on November 7, 2011. The Code applies to all directors of Chorus and officers and employees of Chorus and its subsidiaries. A copy of the Code can be obtained on SEDAR at www.sedar.com or on Chorus’ website at www.chorusaviation.ca. The Code addresses, among other things, the following matters:

- (a) conflicts of interest;
- (b) use of company assets;
- (c) confidential information;
- (d) fair dealing with other people and organizations;
- (e) compliance with laws, rules and regulations;
- (f) employment policies;
- (g) computer, e-mail and Internet policies; and
- (h) reporting suspected non-compliance.

The Governance and Nominating Committee has the responsibility for monitoring compliance with and interpreting the Code. The Code has been communicated or brought to the attention of all employees of Chorus. In addition, all management, administration and technical employees are required to complete an acknowledgement under which they undertake to comply with the guidelines and principles of the Code. The Code also includes provisions whereby employees can report violations. The Board has concluded that such measures are appropriate and sufficient to ensure compliance with the Code. Since the adoption of the Code, Chorus has not filed any material change report pertaining to any conduct of a director or executive officer of Chorus.

In addition to the relevant provisions of the CBCA applicable to directors, the Charter of the Board of Directors provides that the directors shall disclose all actual or potential conflicts of interest, and refrain from voting, on matters in which the director has a conflict of interest. The Charter also provides that a director shall excuse himself or herself from any discussion or decision on any matter in which the director is precluded from voting as a result of a conflict of interest or which otherwise affects his or her personal, business or professional interests.

Nomination of Directors

The Governance and Nominating Committee is composed entirely of independent directors. It is responsible for considering and making recommendations on the desired size of the Board, the need for recruitment and the expected skill-set of new candidates. In consultation with the Chairman of the Board and the CEO, the Governance and Nominating Committee determines the expected skill-set of new candidates by taking into account the existing strength of the Board and the needs of Chorus. The Governance and Nominating Committee then reviews and recommends the candidates for nomination as directors and approves the final choice of candidates for nomination and election as directors by the shareholders. Directors must have an appropriate mix of skills, knowledge and experience in business and an understanding of the industry and the geographical areas in which Chorus operates. Directors selected should be able to commit the requisite time for all of the applicable Board business. Directors are expected to:

For this purpose, the Chair of the Governance and Nominating Committee conducts private meetings with each director. During those meetings, the Chair of the Governance and Nominating Committee reviews with each director his or her assessment of the effectiveness of the Board and its Committees and personal contributions. Thereafter, a presentation is made to the Board. Also, on a quarterly basis, the Chair of each committee reports to the Board on the activities of the Committee. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

To achieve its vision, Chorus needs a strong executive team capable of achieving profitability and growth. Chorus' Executive Compensation Program is designed to attract, retain and motivate the key people Chorus needs to meet its strategic plans. In addition, by closely linking executives' and shareholders' interests through incentive compensation, the Executive Compensation Program contributes to the achievement of profitable growth for shareholders. This is achieved through:

- compensation which is market competitive with companies of similar complexity and revenues;
- incentives which reward achievement of corporate objectives and long-term value creation; and
- share ownership guidelines which ensure a personal stake in the company and alignment with shareholders.

Chorus' Executive Compensation Program reflects high standards of corporate governance, including oversight and mitigation of risk, in its compensation policies and practices. These include:

- share ownership guidelines for executives;
- a balanced mix of fixed to variable and short to long-term compensation;
- payout limits in the Annual Incentive Plan ("AIP") and the Long Term Incentive Plan ("LTIP");
- a balance of financial and individual measures in the incentive plans; and
- an element of discretion to be exercised having regard to individual performance in the AIP and the determination of corporate performance under the LTIP.

The Human Resources and Compensation Committee has direct access to consultants specializing in compensation and benefits. Chorus' management has received advice, which on occasion is shared with the HRCC, from Mercer (Canada) Limited (" **Mercer** ") since 2006 with respect to compensation and benefits matters. Since January 1, 2013 until the date hereof, neither the Board nor the HRCC has incurred any fees related to such consultants. The decisions made by the HRCC are its responsibility and may reflect factors and considerations in addition to the information and recommendations provided by these consultants.

The President and Chief Executive Officer and members of management provide informational presentations to the HRCC related to various human resources and compensation initiatives.

The executive officers of Chorus named in the "Summary Compensation Table" below are referred to herein as the "named executive officers".

Share Ownership Guidelines

Share Ownership Guidelines were approved effective January 1, 2011 to promote share ownership by executives and to better align executives' interests with those of Chorus' shareholders. Following a market review, and further to a recommendation of the HRCC, the following guidelines were approved by the Board to be achieved within five years commencing on the later of January 1, 2011 or the participant's date of hire or promotion to a higher executive level: ownership of Chorus shares with a value equal to three times salary for the President and Chief Executive Officer ("**CEO**"), two times salary for the Chief Financial Officer ("**CFO**"), Chief Operating Officer ("**COO**") and Chief Administrative Officer ("**CAO**") and one times salary for Vice Presidents (including the position of General Counsel and Corporate Secretary).

CHORUS AVIATION INC.

Class B Voting shares and restricted share units (“RSUs”) granted under the Chorus Aviation Inc. long-term incentive plan (the “Chorus LTIP”) are included when determining whether an executive satisfies the applicable minimum ownership requirement. 100% of any time-based RSUs, and 50% of any performance based RSUs, are included for such purposes. The value of such securities is calculated by reference to the greater of the market and grant share price. As of March 28, 2014 all executives were in compliance with their share ownership guideline in that they had either already attained or they still have time left to achieve the required level of share ownership.

There are no restrictions on the purchase by named executive officers or directors of financial instruments designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the named executive officer or director. However, under applicable corporate law, the named executive officers and directors may not engage in short sales or transactions involving calls or puts with respect to Chorus’ securities. A named executive officer or director would also be required to report any such purchase under applicable securities laws.

Benchmark Group

In determining compensation, the HRCC gives consideration to a benchmark group of Canadian businesses. This benchmark group is reviewed annually and adjusted as appropriate in order to inform executive compensation decisions for the following year, including salary adjustments, if any.

For the purposes of executive and director compensation in 2013, the applicable benchmark group was based on a review by Mercer in 2010 which is validated annually by management and the HRCC. Companies chosen for the benchmark group are headquartered in Canada, are in the industrial sector and have revenues approximately one-third to three times that of Chorus. In addition, companies selected were of similar business complexity. Based on these characteristics, the companies in the benchmark group were Transat A.T. Inc., WestJet Airlines Ltd., Superior Plus Corp., Transcontinental Inc., TransForce Inc., Toromont Industries Ltd., Aecon Group Inc., CAE Inc., Stantec Inc., Emera Inc., Wajax Ltd., Progressive Waste Solutions and Algoma Central Corp. The HRCC also monitors and considers executive and director compensation levels at certain US-based regional airlines.

Chorus considers the development of a direct comparable benchmark group to be challenging both because of Chorus’ unique business model in the Canadian landscape and because there are relatively few industrial and utilities type publicly-traded businesses of similar size to Chorus (with most comparable businesses being much larger than Chorus). For these reasons, Chorus considers pay positioning in the 25th to 50th percentile of the benchmark group to be competitive as it reflects Chorus’ size relative to other companies in its benchmark group.

Aligning Risk and Compensation

Chorus’ compensation oversight and risk management are closely aligned. The HRCC assesses, on a regular basis and in consultation with its external consultants as it determines appropriate, the risks associated with Chorus’ executive compensation program. In order to minimize emphasis on short-term results, Chorus’ compensation programs have evolved to place greater emphasis on longer-term share-based compensation.

The HRCC is satisfied that:

- Chorus’ compensation policies and practices do not encourage any named executive officer or employee who works in a principal business unit or division to take inappropriate or excessive risks; and
- there were not any identified risks arising from Chorus’ compensation policies and practices that would be reasonably likely to have a material adverse effect on Chorus.

CHORUS AVIATION INC.

Executive Compensation Program

Chorus' Executive Compensation Program emphasizes incentive compensation linked to Chorus' annual and long-term financial performance to align executives' interests to those of Chorus' shareholders.

Chorus' Executive Compensation Program includes five principal elements of fixed, variable and indirect compensation that are evaluated together to determine the appropriate compensation level for Chorus executives. Consideration is given to the balance between fixed and variable (at risk), short and long-term and cash and equity components. Each element and the specific objectives it is designed to meet are shown, and described further, below.

| Compensation Element | Objectives |
|----------------------------|--|
| Base Salary | <ul style="list-style-type: none">• Attract and retain key leaders• Compensate for responsibilities, contribution and experience |
| Annual Incentive | <ul style="list-style-type: none">• Motivate and reward achievement of corporate and personal performance over the completed year |
| Long-Term Incentive (RSUs) | <ul style="list-style-type: none">• Motivate and reward long-term profitable growth• Encourage retention |
| Pension and Benefits | <ul style="list-style-type: none">• Attract and retain• Support health and well being• Provide post employment financial support (pension) |
| Perquisites | <ul style="list-style-type: none">• Attract and retain |

1) Base Salary

Competitive base salaries for Chorus' executives, including the named executive officers, are established by the HRCC based on the responsibilities, contribution, experience and skill set of each executive. When reviewing base salaries, the HRCC also considers equitable factors (such as the desire to maintain a similar level of compensation for a particular officer group, irrespective of function, as well as length of service) and salaries offered by other companies in Chorus' benchmark group for similar positions. Base salary forms a portion of total compensation and compensates individuals for fulfilling their responsibilities.

2) Variable Cash Compensation

In 2013, Chorus had two cash-based variable compensation plans: an AIP and an operational bonus plan called Ensemble Plus.

Annual Incentive Plan

The level of participation in the AIP is formula-based, such that individuals were eligible to be paid a target bonus amount which for 2013 was equal to 35% of base earnings at the Vice President level, with the exception of 40% of base earnings for the Vice President, Business Development, 60% of base earnings for the CFO, COO and CAO, and 100% of base earnings for the CEO. AIP payouts are based on: (i) corporate performance against financial targets in Chorus' business plan for the relevant year, which, for 2013, consisted of Operating Income ("OI") and Free Cash Flow ("FCF") while incorporating the Board of Directors' authority to recognize and adjust actual OI and FCF results for variances when warranted; and (ii) individual performance based on performance assessments. The two financial measures encourage a focus on profitability and align with shareholders' interests in regards to strong cash management.

OI is a GAAP measure defined as operating revenue less operating expenses. FCF is a non-GAAP financial measure defined as EBITDA (earnings before interest expense, interest income, depreciation and amortization, gains and losses on property and equipment and all other non-operating income and

CHORUS AVIATION INC.

expenses), less non-operating expenses and maintenance capital expenditures required to sustain the operation, and adjusted for any unrealized foreign exchange gain or loss on long-term debt and finance leases and any unusual non-operating one-time items. Other capital expenditures incurred to facilitate growth of the business are excluded from the calculation.

All members of management participate in the AIP at target bonus percentages commensurate with their management level. With regards to performance against financial targets, participants in the AIP were eligible to receive payouts of between 0% and 200% of their target bonus amount, based on the achievement of between 80% and 120% of OI and FCF. OI and FCF targets were given equal weighting. Participants were eligible to be paid 100% of their target bonus amount under the AIP if 100% of OI and FCF targets were met. Participants were eligible to be paid a lesser amount than 100% of their target bonus if less than 100% of OI and FCF targets were met. The relationship is linear such that if 90% of OI and FCF targets were met, participants were eligible to be paid 50% of their target bonus amount. Participants were eligible to be paid more than 100% of their target bonus if more than 100% of OI and FCF targets were met, up to 200% of their target bonus amount for achieving 120% or more of OI and FCF targets. Participants would receive no payments under the plan if less than 80% of those financial targets were met.

A personal performance factor ranging from 0.75 to 1.5 times was also applied to cash payments under the AIP, although total payouts under the plan were capped in all cases at 200% of an individual's target bonus amount after taking into account both achievement of financial targets and the personal performance factor.

Ensemble Plus

Ensemble Plus is designed to provide quarterly payments to eligible employees if Chorus achieves pre-determined monthly operational and customer service goals. The categories include controllable on-time performance, flights actually flown, incidences of mishandled luggage at airports where Chorus is responsible for luggage handling and other customer service measures related to inflight and check-in satisfaction. The Ensemble Plus plan is offered to all eligible employees (including the named executive officers) on the same basis to allow them to share in Chorus' success and to ensure they work together to achieve corporate goals. The maximum annual payout pursuant to Ensemble Plus for 2013 was \$2,550 per eligible employee. In 2013, the total payment under the Ensemble Plus was \$1,727 per eligible employee.

3) Equity Plans

The Chorus LTIP is Chorus' share-based long-term incentive plan. The President and Chief Executive Officer of Chorus, all senior vice presidents, vice presidents and other officers of Chorus or named individuals, employees or officers of Chorus, Aviation General Partner Inc. or any other entity designated by the Board of Chorus (the "**Eligible Participants**") are eligible to participate in the Chorus LTIP. The Chorus LTIP became effective as of January 5, 2011, replacing a legacy Jazz long-term incentive plan (the "**Jazz LTIP**") pursuant to which final vesting or cancellation of units occurred in February 2013.

Chorus' equity-based plans are designed to align the interests of executives and employees more closely with the interests of Chorus' shareholders. As Chorus' equity compensation plans are largely formula-based, previous grants do not impact the allocation of new grants.

Chorus also has an Employee Share Ownership Plan (the "**ESOP**") which permits employees to buy common shares of Chorus through payroll deductions.

Chorus LTIP

The purpose of the Chorus LTIP is to provide Eligible Participants with incentive compensation that enhances Chorus' ability to attract, retain and motivate key personnel and to reward executives and other key employees (as approved by the Board from time to time) for performance that results in Chorus meeting specified performance targets.

CHORUS AVIATION INC.

The Chorus LTIP is a restricted share unit plan under which Eligible Participants may be granted RSUs that vest for common shares of Chorus. The vesting of RSUs may be time-based or based on meeting individual or corporate performance targets. The performance conditions for grants of RSUs will be contained in an award agreement relating to the particular grant. RSUs entitle the participant to receive common shares of Chorus on a one-for-one basis. Additional RSUs representing the value of quarterly dividends paid on corresponding common shares of Chorus accrue for the benefit of participants. The number of additional RSUs credited will be calculated by dividing: (a) the amount obtained by multiplying the amount of the dividend declared and paid by Chorus per share by the number of RSUs recorded in the participant's account on the record date for the payment of such dividend, by (b) the five day volume weighted average price ("VWAP") of the shares for the period including and ending on the third trading day prior to the record date for the payment of such dividend. On vesting, the additional RSUs will vest in the same manner as the RSUs in respect of dividends granted under the Chorus LTIP.

Except as provided in the Chorus LTIP, the rights of participants under the Chorus LTIP cannot be assigned, charged, anticipated, given as security, transferred or surrendered, in whole or in part, either directly or by operation of law or otherwise in any manner.

Upon a participant's termination for cause and resignation from employment, participation in the Chorus LTIP will be terminated immediately and all RSUs credited to the participant that are not vested will be forfeited and cancelled.

In the event of a retirement, long-term disability, death or termination by Chorus without cause, participation in the Chorus LTIP will be terminated immediately, however, any unvested RSUs would be pro-rated based on the completed months of service during the three year performance cycle and the Chorus LTIP participant would be entitled to performance-based RSUs at the end of each applicable cycle, if targets are achieved (vesting is variable based on whether target performance is between 80% and 100% of target). RSUs subject to time vesting will vest within 45 days.

In the event of a change of control, all unvested RSUs will vest on the date of the change of control, whether or not the RSUs have met the vesting conditions relating thereto. However, in the event that the change of control occurs in the circumstances of an internal reorganization involving Chorus or its subsidiaries, the Board may, in its sole discretion, determine that such RSUs will not vest as at the date of such change of control. In the event that, at any time, an offer to purchase is made to all holders of shares of Chorus, notice of such offer shall be given by the trustee under the Chorus LTIP to enable each participant to tender his/her shares of Chorus should he/she so desire, provided such notice shall only be sent in respect to shares of Chorus that have been obtained through secondary market purchases and are being held by the trustee in accordance with the provisions of the Chorus LTIP.

The Chorus LTIP aligns the interests of its participants more closely with the interests of Chorus' shareholders, as the value of the RSU is tied to Chorus' financial and share trading performance. The Chorus LTIP focuses executives on long-term value creation, and also supports the retention of executives as annual RSU grants vest over three-year cycles.

Under the amendment provision of the Chorus LTIP, shareholder approval is required for any amendment to the Chorus LTIP that results in (i) an increase in the number of common shares reserved for issuance by Chorus from treasury pursuant to the Chorus LTIP; (ii) permission for RSUs to be transferred other than for normal estate settlement purposes; or (iii) any changes to the section of the Chorus LTIP entitled "Amendment, Suspension or Discontinuance" other than to add items requiring shareholder approval. Beyond these amendments, the Board may make changes to, or suspend or discontinue, the Chorus LTIP in such manner as the Board, in its sole discretion, determines appropriate, including without limitation, making amendments to the Chorus LTIP for administrative matters, for clarification, to address regulatory or other developments, to add additional types of awards (which would not result in an increase to the number of common shares reserved for issuance under the Chorus LTIP), to change the vesting provisions of RSUs or the Chorus LTIP or to change the termination provisions of RSUs or the Chorus LTIP, provided that no such amendment: (a) results in the Chorus LTIP becoming a "salary deferral arrangement" under the *Income Tax Act* (Canada) (the "Tax Act") or any applicable provincial legislation; (b) reduces the number of RSUs granted prior to such amendment or adversely modifies the vesting condition(s) of such RSUs; and (c) modifies the amendment provision of the Chorus LTIP without the

CHORUS AVIATION INC.

consent of all participants with respect to RSUs granted prior to the amendment. In setting and amending the terms of the Chorus LTIP the HRCC reviews and recommends the terms and conditions of any change in the terms and conditions of the existing Chorus LTIP to the Board for approval.

The Board or the HRCC has the power to, among other things, determine: (i) those individuals who are eligible to participate in the Chorus LTIP; (ii) the level of participation of each participant; and (iii) the time or times when Chorus LTIP awards will vest or be paid to each participant.

The level of participation in the Chorus LTIP is formula-based, such that individuals are eligible to be granted an annual award of RSUs equal to 50% of base salary at the Vice President level, with the exception of 55% for the Vice President Business Development, 65% of base salary for the CFO and CAO, 75% of base salary for the COO, and 120% of base salary for the CEO. Base salaries are determined as of January 1 of the relevant year. Grants of RSUs under the Chorus LTIP vest over a three-year cycle.

Performance measures of FCF, Earnings Per Share (“EPS”) and Return on Capital Employed (“ROCE”), weighted at 50%, 25% and 25% respectively, have been selected by the Board to reflect a balance of shareholder alignment, profitability and return; amongst these measures heavier weighting has been placed on FCF to align with Chorus’ dividend policy. (FCF is described on page 38). This measure ensures shareholder alignment, focusing on strong cash management.

EPS is a GAAP measure, defined as earnings (net income) divided by weighted average number of shares outstanding, which measures overall profitability.

ROCE is a non-GAAP measure defined as EBIT (earnings before interest and taxes) divided by total assets less current liabilities. In February 2014, the Board reviewed the performance measures used for vesting of RSUs and approved that the measure of ROCE be replaced by Return on Invested Capital (“ROIC”) effective with the 2014 LTIP. ROIC is a non-GAAP measure frequently used in the airline industry and is a metric reported in Chorus’ 2013 management discussion and analysis. It is commonly used to assess the efficiency with which a company allocates its capital to generate returns. Return is calculated based on Chorus’ earnings before tax, excluding special items, finance costs and implied interest on off-balance sheet aircraft leases for aircraft for which Chorus holds the head lease. Invested capital includes average long-term debt, average finance lease obligations, average shareholder’ equity and off-balance sheet aircraft operating leases for aircraft for which Chorus holds the head lease.

The approved maximum number of shares of Chorus which may be issued from treasury under the Chorus LTIP is 7,371,000 shares (representing approximately 6.0% of Chorus’ issued and outstanding shares as at March 28, 2014), less the number of shares issuable upon vesting, if any, of restricted units granted under the Jazz LTIP, together with the additional restricted units credited on account of dividends paid on shares. On February 25, 2013 Chorus issued 398,355 Class B Voting Shares to satisfy the vesting of the 2010 LTIP. Since February 25, 2013, no other shares of Chorus have been issued from treasury under the Chorus LTIP. As a result, the maximum number of shares of Chorus, which may be issued from treasury under the Chorus LTIP is 6,972,645 shares (representing approximately 5.7% of Chorus’ issued and outstanding shares as at March 28, 2014).

As of March 28, 2014, the number of outstanding restricted units under the Chorus LTIP, which are settled through treasury issuances and secondary market purchases of shares of Chorus, is 2,345,764 (representing approximately 1.91% of Chorus’ issued and outstanding shares as at March 28, 2014) and the number of shares remaining available for future issuances under the Chorus LTIP is 4,626,881 (representing approximately 3.78% of Chorus’ issued and outstanding shares as at March 28, 2014).

The total number of shares of Chorus issued from treasury to insiders within any one year period pursuant to the Chorus LTIP, together with the shares of Chorus issued from treasury to insiders during such one year period under all of Chorus’ other treasury share based compensation arrangements, shall not exceed 10% of Chorus’ total issued and outstanding shares of Chorus. In addition, the total number of shares of Chorus issuable from treasury to insiders under the Chorus LTIP, at any time, together with the shares of Chorus issuable from treasury to insiders under all of Chorus’ other treasury share based compensation arrangements, shall not exceed 10% of Chorus’s total issued and outstanding shares.

Employee Share Ownership Program

The ESOP permits employees to buy common shares of Chorus through payroll deductions. The purpose of the ESOP is to permit eligible employees to invest up to 6% of their salary for the purchase of common shares of Chorus on the secondary market.

The Board may use its discretion to set the employer match at or above 33.33% of the investments made by the employees under the plan. The funds from the employer match are used to purchase common shares of Chorus on the secondary market on behalf of such participants. The percentage of matching contributions and the base threshold amounts are established and are subject to adjustment by the Board or the HRCC. In 2011, 2012 and 2013, the Board approved a 60% match for employee contributions made to the ESOP for the following year.

Each quarter, employees who have reached one year of service in the preceding quarter receive a ten share gift. Chorus purchases such shares on the secondary market.

4) Benefits

Group benefits and Chorus' executive pension plan are intended to be at the median level for Chorus' benchmark group. Benefits include life insurance, accidental death and dismemberment (AD&D) insurance, extended health, dental and short and long-term disability insurance.

5) Perquisites

Perquisites offered to executive officers include a car allowance, a medical top-up plan and optional financial advisory services. Perquisites are intended to be at the median level for Chorus' benchmark group.

Compensation of Named Executive Officers

All named executive officers, other than the CEO, receive performance reviews based on a common set of evaluation criteria. These criteria are grouped into the following categories: job responsibilities, leadership and progress on department plans. The results of these performance reviews form the basis for determining the personal performance factor for AIP purposes. For 2013, a personal performance factor of 1.25 or 1.5 (out of a maximum of 1.5 and a minimum of 0.75) was applied in respect of the named executive officers other than the CEO based on the results of their performance review.

The HRCC, in consultation with the Board, assesses the performance of the CEO annually based on financial measurements of FCF and OI, and non-financial measurements to determine an appropriate level of compensation. However, the formulas used and program parameters for variable compensation and the Chorus LTIP are those approved by the Board for all executives. The annual performance review of the CEO takes into account a number of factors. Overall leadership performance is also evaluated with consideration given to the achievement of the annual business plan, which includes short-term initiatives to meet annual targets and long-term strategic initiatives aimed at growing shareholder value. In 2013, factors considered by the HRCC included: (i) achieving a successful result in the complex arbitration regarding the Air Canada Capacity Purchase Agreement 2009 benchmarking process; (ii) strong financial results, including significant progress in reducing costs and increasing efficiencies; (iii) exceptional operational performance and industry leading safety programs and practices; (iv) building long-term share value through such things as the normal course issuer bid and managing the dividend levels; (v) the focus on diversification initiatives following the favourable benchmarking arbitration award; (vi) achievement of planned strategic initiatives including the consolidation of Chorus' heavy maintenance base, establishment of a modern centralized operations centre, and collective agreements which improve competitiveness (vii) performance in special reviews and audits, including the fifth consecutive IOSA Safety Audit; (viii) charity and community involvement; and (ix) industry and business community involvement.

The following recommendations on compensation for the named executive officers were made by the HRCC and were approved by the Board in relation to the 2013 financial year: (i) a payout under the AIP of

CHORUS AVIATION INC.

149% of target bonus amount for each named executive officer; (ii) the vesting of all time-based restricted shares granted in 2011 under the Chorus LTIP and 97.5% vesting of the performance-based restricted shares plus their associated additional restricted shares in relation to dividends on shares of Chorus; (iii) a grant of RSUs in respect of 2013 under the Chorus LTIP at the regular formula amount applicable to the particular named executive officer; and (iv) base salary market adjustment increases effective January 1, 2013 based on the market executive compensation review of the benchmark group completed by Mercer in the fall of 2012.

Corporate Performance achievement of 149% was based on achievement of OI and FCF performance in excess of the combined targets. For purposes of this calculation the AIP expense and unbudgeted severance expenses net of related savings, were excluded from the actual and target results. As a result, “adjusted” actual OI performance was \$140.7 million against a target of \$133.2 million, while “adjusted” actual FCF performance was \$147.5 million against a target of \$129.4 million.

The vesting of 97.5% of performance based RSUs represented the attainment of 97.5% of aggregate three year targets for FCF, EPS and ROCE, applying the formula described under *Chorus LTIP*. Actual aggregate FCF was \$373.8 million against a target of \$379.1 million, actual aggregate EPS was \$2.06 against a target of \$1.97 and actual aggregate ROCE was 60.1% compared to a target of 68.2%. At the time of awarding the 2011 grant, targets for each of the three measures were calculated using old Canadian GAAP. As of January 1, 2011, Chorus transitioned to International Financial Reporting Standards (“**IFRS**”), and as such has prepared consolidated financial statements in accordance with IFRS for all subsequent years. For measurement purposes, actual IFRS results have been adjusted to old Canadian GAAP. Due to the underlying complexity, in some instances, this required management to use best estimates or judgement in making the required adjustments. The Board of Directors has reviewed and approved these adjustments. Similar adjustments will be made for determining the vesting of the 2012 grant.

The HRCC considered the review by Mercer in the fall of 2012 for the purpose of forming executive compensation decisions for 2014. The benchmark group previously listed was used. The Board approved base salary market adjustment increases effective January 1, 2014. The CEO, Mr. Randell did not receive a salary increase for 2014. Target annual incentive amounts and LTIP grants were considered to be in line with market practices for all executives and no adjustments were made.

In 2013, Mercer provided advice to management related to special long-term incentive alternatives for senior executives. In recognition of the key roles of the CEO, CFO, COO and CAO in the achievement of the future long-term strategy and to encourage long-term retention of such executives, in 2013 the Board approved service credits for additional years of pensionable service under the supplemental executive retirement plan (“**SERP**”) for these four named executive officers. Details of these credits are provided under the *Pension Benefits* section of this circular.

Performance Graph

The following graph compares the total cumulative return of a \$100 investment in the units of Jazz Air Income Fund (now shares of Chorus) made on January 1, 2009, with the cumulative return of the S&P/TSX Composite Index for the period beginning on January 1, 2009 and ended December 31, 2013.

The trend shown in the graph generally corresponds to the trend in the compensation of the named executive officers, excluding the impact of individual performance factors and increases in compensation due to promotion. The dollar value of variable compensation in the form of payouts under Chorus' cash-based variable compensation plan has varied as the financial performance of Chorus has varied over the period. Although reported long-term incentive compensation is not a function of stock performance, amounts realized by the executives will align with stock performance.

- (1) Payments under the AIP for a particular financial year are actually made in the following financial year when corporate and personal performance factors are available. Amounts shown represent payments for performance relating to the particular financial year.
- (2) This column includes the compensatory changes reflected in both the pension plan and SERP tables.
- (3) Represents value of RSUs granted in the financial year shown. Value of RSUs granted is based on fair market value per share as of the date of grant of \$3.93 for 2013, \$3.80 for 2012 and \$4.97 for 2011. For purposes of financial statement disclosure, the cost of the RSUs is measured at the fair value of the common shares of Chorus at the grant date and the number of RSUs expected to vest. Each vesting tranche of RSUs is considered a separate award with its own vesting period and estimated grant date fair value. Compensation expense is recognized over each tranche's vesting period by increasing contributed surplus based on the number of awards expected to vest. The number of awards expected to vest is reviewed at least annually with any impact being recognized immediately.

Pursuant to the Jazz LTIP and the Chorus LTIP, additional RSUs are credited to the participant in respect of quarterly dividends on corresponding shares of Chorus. Quarterly dividends were \$0.15 per share effective January 1, 2011; revised to \$0.075 effective May 9, 2013; revised to \$0.1125 effective December 10, 2013.
- (4) Represents payments for Ensemble Plus.
- (5) Amount for 2013 includes \$11,756 paid to Mr. Randell in April 2013 representing 60% employer matching of employee contributions made in 2012 through the ESOP. Also includes dividends accrued on the RSUs granted in 2013. Perquisites in 2013, 2012 and 2011 for Mr. Randell did not exceed the lesser of 10% of base salary and \$50,000.

2013 Outstanding share-based awards at fiscal year end

The table below shows the awards of RSUs granted to the named executive officers and the market value of those RSUs on December 31, 2013. Pursuant to the Chorus LTIP, participants could have between 80% and 100% of their performance RSUs vested or none at all. Performance vesting conditions apply to two thirds of the RSUs. In February 2014, the HRCC approved the vesting of 100% of the time-based RSUs and 97.5% of the performance shares granted in 2011 under the Chorus LTIP. See "Compensation of Named Executive Officers" above. Those RSUs vested in 2014, and therefore are not treated as having vested in 2013 for the purposes of the table below.

(1) Amounts represent number of RSUs awarded under the Chorus LTIP, in each case on the date of grant and the additional RSUs that have been credited to the named executive officers on account of quarterly dividends on shares of Chorus in accordance with the terms of the Chorus LTIP.

(2) Based on market value of shares of Chorus at December 31, 2013 of \$4.03 per share. The amounts for the 2013 and 2012 LTIPs are shown as the minimum payouts reflecting the 1/3 of RSUs granted that will vest on a time basis and do not include a value for RSUs which are subject to performance measures. The market value for the 2011 LTIP grant reflects the fact that vesting was determined in February 2014 to be 97.5% for the performance-based RSUs.

- (1) Represents value of all restricted shares vested in 2013 determined on the date of delivery of shares or cash in lieu of shares. The HRCC typically approves the vesting of time-based RSUs and performance-based RSUs in February of each year, in respect of performance cycles ending at the end of the previous calendar year. For example, on February, 2013, the Board approved the vesting of restricted shares granted in 2010 under the Jazz LTIP reflecting performance targets achieved over the three year performance cycle ending December 31, 2012. The vesting of these restricted share units is reflected in this table.

On February 19, 2014, the HRCC approved the vesting of 97.5% of all performance RSUs granted in 2011 under the Chorus LTIP. Since these RSUs did not vest in 2013, they are not reflected in this table.

Pension Benefits

Named executive officers of Chorus currently participate in a registered defined contribution pension plan (the “**Pension Plan**”) under which Chorus contributes the maximum allowable amount under the Tax Act. They also participate in a partially funded SERP for designated executives.

In aggregate, for each year of credited service as an executive, the Pension Plan and the SERP are intended to provide a target pension benefit of 1.5% of final average earnings up to, and 2.0% of final average earnings in excess of, the final average Year’s Maximum Pensionable Earnings (the “**YMPE**”). For this purpose, final average earnings is defined as the average salary in the best three consecutive years and the final average YMPE is the average of the YMPE (as defined under the Canada Pension Plan) in the year of termination and the preceding two years. The SERP benefit is reduced by a deemed benefit from the Pension Plan.

The normal retirement date under the SERP is the first day of the month coincident with or next following attainment of age 65. Members who attain age 55 can retire prior to their normal retirement date provided that, if they retire prior to age 57, their pension is reduced by the ratio of the executive’s service at the date of pension commencement to what the executive’s service would have been at age 57 if the executive had continued in employment.

If a member’s employment is terminated prior to age 55, the member is entitled to receive a pension commencing at age 55. Such pension is calculated in the same manner as the normal retirement date pension, but with their pension reduced by the ratio of what the executive’s service would have been at age 55 if the executive had continued in employment to what the executive’s service would have been at age 57 if the executive had continued in employment.

The normal form of pension for members with a spouse at the date of pension commencement is payable for the lifetime of the member with 60% of the member’s pension continuing to a surviving spouse. The normal form of pension for members without a spouse at the date of pension commencement is payable for the lifetime of the member, with a guarantee that a minimum of 120 monthly payments would be made.

Effective February 19, 2014, the Board approved an amendment to close the SERP to new participants. Prior to this the Board had applied its discretion under the SERP to approve new participants. There have been no new participants added since March 2011.

Pension Plan

The table below summarizes the accumulated balances in each named executive officer's defined contribution account at December 31, 2012 and December 31, 2013 as well as the factors that have caused the balance to change during 2013. The SERP benefit is reduced by a deemed benefit from the Pension Plan.

Supplemental Executive Retirement Plan

The table below shows the following information for each named executive officer participating in the SERP:

- years of credited service as at December 31, 2013;
- estimated annual benefit accrued, or earned, for service up to December 31, 2013 and up to the age of 65; and
- a reconciliation of the accrued obligation from December 31, 2012 to December 31, 2013.

In accordance with IFRS, the amounts below make no allowance for the different tax treatment of the portion of pension not paid from the registered or qualified pension plans. All amounts shown below are estimated based on assumptions and represent contractual entitlements that may change over time. The method and assumptions used to determine estimated amounts will not be identical to the method and assumptions used by other issuers and, as a result, the figures may not be directly comparable across issuers.

CHORUS AVIATION INC.

- (1) The accrued obligation is the value of the projected pension earned for service to December 31, 2012. The values have been determined, based on the 2012 actual earnings adjusted to reflect expected increases in pensionable earnings, using the same actuarial assumptions used for determining the pension plan obligations at December 31, 2012 as disclosed in the notes to the 2012 consolidated financial statements as presented by Chorus.
- (2) The values shown under the column headed "Compensatory change" include the value of the projected pension earned for service in the year plus the differences between actual and assumed compensation for the year.
- (3) The values shown under the column headed "Non-Compensatory Change" include the impact of amounts attributable to interest accruing on the beginning of year obligation, changes in the actuarial assumptions, and any other experience gains and losses, including the impact of exchange rate changes and demographic changes.
- (4) The accrued obligation is the value of the projected pension earned for service to December 31, 2013. The values have been determined, based on the 2013 actual earnings adjusted to reflect expected increases in pensionable earnings, using the same actuarial assumptions used for determining the pension plan obligations at December 31, 2013 as disclosed in the notes to the 2013 consolidated financial statements.
- (5) The annual lifetime pension payable at age 65 based on the named executive officer's earnings and credited service as at December 31, 2013.
- (6) The annual lifetime pension payable at 65 based on the named executive officer's earnings as at December 31, 2013 but with credited service projected to age 65. For Mr. Randell, Mr. Flynn, Ms. Mahody and Mr. Copp the amount reflects the additional credited service granted by the Board and assumes 100% vesting.

As approved by the Board in 2013, four of the named executive officers will be credited for additional years of pensionable service under the SERP in the following manner:

- A) Mr. Randell and Mr. Flynn will each receive an additional two years of pensionable service for the period from January 1, 2014 to December 31, 2015, vesting on December 31, 2015.
- B) Ms. Mahody and Mr. Copp will each receive an additional 2.5 years of pensionable service for the period from January 1, 2014 to December 31, 2018, vesting on December 31, 2018 and an additional 2.5 years of pensionable service for the period from January 1, 2019 to the date when each of them reaches age 55, vesting upon reaching age 55 (occurs for both in 2022).

Equity Compensation Plan Information

The table below sets out information about the equity plans as at December 31, 2013.

| Plan Category | (a) Number of securities to be issued upon vesting of restricted share units ⁽¹⁾ | | (b) Number of securities remaining available for future issuances under equity compensation plans (excluding securities reflected in column (a)) | |

| Equity compensation plans not approved by security holders | Nil | Nil | Nil | Nil |
| Total | 1.83% | 2,245,896 | 3.86% | 4,726,749 |

Note: The restricted share units awarded pursuant to the Chorus LTIP are not subject to an exercise price.

CHORUS AVIATION INC.

- (1) The number of securities that will be received upon vesting of restricted share units will be less than the figure cited in this table due to tax withholdings and to the extent that the performance vesting condition is not met in full. Chorus may settle vested awards by way of open markets purchases or issuances from treasury. Awards are typically not settled by way of issuances from treasury, for example, no issuances from treasury were made in respect of the 2011 LTIP grant which vested on February 25, 2014 and represented 687,691 shares.

The approved maximum number of shares of Chorus which may be issued from treasury under the Chorus LTIP is 7,371,000 shares (representing approximately 6.0% of Chorus' issued and outstanding shares as at March 28, 2014), less the number of shares issuable upon vesting, if any, of restricted units granted under the Jazz LTIP, together with the additional restricted units credited on account of dividends paid on shares. On February 25, 2013 Chorus issued 398,355 Class B Voting Shares to satisfy the vesting of the grants made in 2010 pursuant to the Jazz LTIP. Since February 25, 2013, no other shares of Chorus have been issued from treasury under the Chorus LTIP. As a result, the maximum number of shares of Chorus which may be issued from treasury under the Chorus LTIP is 6,972,645 shares (representing approximately 5.7% of Chorus' issued and outstanding shares as at March 28, 2014).

As of March 28, 2014, the number of outstanding restricted units under the Chorus LTIP, which are settled through treasury issuances and secondary market purchases of shares of Chorus, is 2,345,764 (representing approximately 1.91% of Chorus' issued and outstanding shares as at March 28, 2014) and the number of shares remaining available for future issuances under the Chorus LTIP is 4,626,881 (representing approximately 3.78% of Chorus' issued and outstanding shares as at March 28, 2014).

The total number of shares of Chorus issued from treasury to insiders within any one year period pursuant to the Chorus LTIP, together with the shares of Chorus issued from treasury to insiders during such one year period under all of Chorus' other treasury share based compensation arrangements, shall not exceed 10% of Chorus' total issued and outstanding shares of Chorus. In addition, the total number of shares of Chorus issuable from treasury to insiders under the Chorus LTIP, at any time, together with the shares of Chorus issuable from treasury to insiders under all of Chorus' other treasury share based compensation arrangements, shall not exceed 10% of Chorus's total issued and outstanding shares.

Termination and Change of Control Benefits

In 2012, Chorus entered into termination and change of control agreements with each of the named executive officers. Pursuant to these agreements, these executives become entitled to certain benefits in the event of (i) a termination without cause, or (ii) a change of control followed by termination for "good reason" (as defined in the agreement) within twenty-four months. Upon the occurrence of a triggering event:

- The President and CEO would be entitled to: 24 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum combined severance of 36 months. As of December 31, 2013, Mr. Randell would be entitled to a cash severance payment of \$1,800,000 and a short-term incentive plan payment of \$2,375,270. The short-term incentive plan payment represents the number that is the product of (A) the number of months of the severance period divided by 12 and (B) the greater of the average bonus payment for the previous two calendar years and 75% of the target bonus under the AIP.
- The CFO, COO and CAO would each be entitled to: 12 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum combined severance of 24 months. As of December 31, 2013, the cash severance payments to which the CFO, COO and CAO would be entitled to are as follows: Mr. Flynn (\$618,000), Ms. Mahody (\$650,000) and Mr. Copp (\$610,000). As of December 31, 2013, the short-term incentive plan payments to which the CFO, COO and CAO would be entitled to are as follows: Mr. Flynn (\$486,711), Ms. Mahody (\$533,997) and Mr. Copp (\$461,365). The short-term incentive plan payments represents the number that is the product of (A) the number of months of the severance period divided by 12 and (B) the greater of the average bonus payment for the previous two calendar years and 75% of the target bonus under the AIP.

CHORUS AVIATION INC.

- The Vice President Business Development would be entitled to: 12 months of annual compensation (salary, short-term incentive, and select benefits) plus one additional month of compensation per year of service to a maximum of 18 months. The short-term incentive plan payment would be equal to the product of (A) the number of months of the severance period divided by 12 and (B) the average bonus payment for the previous two calendar years. As of December 31, 2013, the executive would be entitled to a cash severance payment of \$322,500 and short-term incentive plan payment of \$123,648. Certain benefits would continue to the earlier of the end of the severance period or entitlement to similar coverage in connection with any new employment.

A change of control for the purposes of the termination and change of control agreements is defined to mean a transaction or series of transactions whereby any individual or corporation, or group or individuals or corporations acting jointly or in concert, obtains a sufficient number of securities of the Corporation to affect materially the control of the Corporation. For the purposes of the termination and change of control agreements, an individual or corporation, or group of individuals or corporations acting jointly or in concert, holding shares or other securities in excess of the number which, directly or following conversion thereof, would entitle such individual(s) and/or corporation(s) to cast 50% or more of the votes attaching to all shares of the Corporation which may be cast to elect directors of Chorus, shall be deemed to be in a position to affect materially the control of Chorus.

In addition, upon the occurrence of a triggering event, the named executive officers would no longer be eligible for RSU grants under the Chorus LTIP. The vesting of RSUs held by the named executive officers for shares of Chorus in the event of termination without cause or a change of control will be in accordance with the Chorus LTIP described on pages 39 to 41 and the treatment of the named executive officers in such circumstances will be the same as all other Chorus LTIP participants. As of December 31, 2013, the range of values for each of the named executive officers of the total number of incremental RSUs awarded under the Chorus LTIP on a termination without cause (based on the closing market price of Chorus' shares on December 31, 2013) is as follows: Mr. Randell (\$581,392 - \$1,744,175), Mr. Flynn (\$149,966 - \$449,899), Ms. Mahody (\$169,601 - \$508,804), Mr. Copp (\$159,287 - \$477,862) and Mr. Tapson (\$76,035 - \$228,105). These values are net of any defaulted RSUs (determined based on the percentage of the completed performance cycle as of December 31, 2013). As of December 31, 2013, the value for each of the named executive officers of the total number of incremental RSUs awarded under the Chorus LTIP in the event of a change of control (based on the closing market price of Chorus' shares on December 31, 2013) is as follows: Mr. Randell (\$2,605,155), Mr. Flynn (\$690,616), Ms. Mahody (\$783,672), Mr. Copp (\$715,428) and Mr. Tapson (\$358,505).

An executive will be deemed to remain in continuous service, for purposes of determining their benefits under the SERP, for a period of 36 months in the case of the CEO, 24 months for the CFO, COO and CAO, and 18 months for the Vice President Business Development. An executive would also be entitled to retiree travel privileges in accordance with the retiree travel privilege plan then in effect.

As of December 31, 2013, the value of the incremental annual pension benefit payable to the named executive officers under their agreements, determined by assuming that each executive would receive 36 months in the case of Mr. Randell, 24 months for Mr. Flynn, Ms. Mahody and Mr. Copp, and 18 months for Mr. Tapson, of additional pension service credits under the SERP as at the date of termination, is as follows: Mr. Randell (\$42,476), Mr. Flynn (\$25,838), Ms. Mahody (\$17,266), Mr. Copp (\$14,008) and Mr. Tapson (\$18,362). The incremental annual pension benefit represents the additional SERP pension payable immediately for those executives currently eligible for retirement, and at age 55 for those executives not currently eligible for retirement.

In addition, the executives are subject to certain confidentiality, non-solicitation and non-disparagement obligations under these agreements. Breach by the executive of such provisions may result in the executive becoming liable to pay to Chorus all amounts received pursuant to their respective agreement.
